Hymn 1. composed in the year 1825¹

1
O happy voyage to Canaan where Sions glory shines
Has long been predicted by many solemn signs
And honest souls have waited long for that auspicious day
When some enterprising cruiser would stem the dangerous way

2
961
Deceived by wicked pilots who always led them wrong
They raised their voices to heaven O mighty God how long
Their fervent aspirations kind heaven did fulfil
And the Lord prepared a vessel by his unerring skill

3
He launched the royal Newlight in 18 hundred one
Commanded by Elijah and the good boatswain John
The solemn trumpet was sounded ye men of every kin
You may obtain a passage from this vain world of sin

4
Along the crowded harbor we coasted to and fro
With this kind invitation O sinners will you go

2

Can we forget that solemn day she first began to move
With her flowing sails expanded with pure impartial love

5

With our Newlight colors flying we had not sailed far
Till we spied upon our larboard a gallant man of war
Reef up your sails her boatswain cries you shall not cross ^{this sea}
Unless you have been elected from all eternity

6

We found it was bold Caliban and to the right we steer'd
When just upon our starboard Armenius next appear'd
We gave them a broadside but would not stand ^{to} fight
And the wind being in our favor we soon got out of sight

7

4 years we plow'd the ocean and o'er the waves did ride
With mighty thunders roaring and storms on every side
Sometimes we soared to heaven upon a towering wave
Then down we sink as low again into the opening ^{grave}

8

The mariners impatient to reach the happy ground
 And sick of these sad changes still toying up and down
 How oft the longing passengers look over the rolling seas
 Crying surely yonder land is I think I see the trees

9

At length a blessed convey on board the Royal Ann
 Came forth to meet the Newlight and bring her safe to land
 Shorn such intervening dangers the King Lion knew
 We could never reach the harbor unless they brought us to

10

About the first of April this vessel we did spy
 And our good boatswain hail'd her. 'tho the ship a hoy
 To what empire do you belong what is your captain's name
 Let us know where you go and likewise from whence you ^{came}

11

Our captain is Emmanuel to Canaan we pertain
 And we're come to help you forward across the rolling main

4

We bade her kindly welcome and the word we did steer
Still a lying spirit entered and some were struck with fear

12

They are pirates cries a sailor from the gallant top
They do not seem to know me I think we'd better stop
They're deceivers cries another they surely mean to kill
For if they belong to Canaan they would not be so still

13

What infinite confusion did instantly ensue
Our officers abused and insulted by the crew
Some crying Lord have mercy we're surely all deceiv'd
And our pilot's been a traitor as some at first believ'd

14

At length these wicked sailors concluded to divide
And down they let the long boat into the foaming tide
The fearful knew not what to do but into it they ran
Crying here's a place of safety we must not follow man

15

The few that proved faithful and to the new light said
 Were sure that honest pilot had not the crew deceived
 And such clamors from the long boat you ^{men} must not follow
 Only urged them on the faster towards the royal Ann

16

The convoy we approached thro' a little narrow pass
 Between the infernal ocean and the bright sea of glass
 Where we received high orders to cast out every sin
 And when we had unloaded they kindly took us in

17

The crew that man'd the long boat recovering from their fight
 Came rising on towards us determined for a fight
 Well charged with pride and envy they let off many lies
 While the Royal Ann moved off with the new light as her ^{ze} prize

18

Now under a good ^{convoy} and blest with a fresh gale
 Thro' the sea of self denial we joyfully did sail

6

And in every trial our union did increase
 Till we enter'd Salem's harbor and found the land of ^{peace}

Hyymn 2.

1 A people called christians
 How many thing they tell
 About a land of canaan
 Where saints and and dwell
 But sin that dreadful ocean
 Encloses them around
 While it tide sill divides
 Them from canaan's happy ground

2

Thousands have been impatient
 To find a passage through
 And with united wisdom
 Have tried what they could

But vessels built by human skill
 Have never sailed far
 Till we found them aground
 On some dreadful sandy bar

3

The everlasting gospel
 Has launch the deep at last
 Behold her sails extended
 Aroun the towering mast
 Along the decked in order
 The joyful sailors stand
 Crying O here we go
 For fair banans happy land

4

So those who stand spectators
 What anguish must ensue
 To bid their old companions

8

A long and last adieu
 The pleasures of your paradise
 No longer can invite
 Here we sail you may rail
 But we'll soon be out of sight

5

We're now on the wide ocean
 We bid this world farewell
 And where we shall cast anchor
 No human tongue can tell
 About our future destiny
 There need be no debate
 While we ride o're the tide
 With our captain and his mate

6

The passengers united
 In order peace and love

The wind all in our favour
 How sweetly we do move
 Let tempest now assail us
 And raging billows roar
 We will sweep through the deep
 Till we reach the happy shore

Hymn 3

1 No every one that thirst
 Come ye to the waters
 Freely drink and quench your thirst
 Lions sons and daughters

2 See the fountain open wide
 For sin and for uncleanness
 Flowing from the blessed Bride
 And sweetly flows between us

10

3 Let your sins no longer reign
O'er the true believer
Die with Christ and rise again
And live with him forever

4

Honest souls your sins confess
Take ^{up} your cross against them
Travel on and hate the flesh
And overcome temptation

5

Shed the circumcising knife
Beware and don't refuse it
For if you seek to save your life
You shall be sure to lose it

6

If your cross you do not bear
And suffer persecution

You will ^{be found} in satans snares
With all your vain delusion

7
See the crowds that's gone before
In paths of self denial
See them stem on Leions shore
Awaiting our arrival

8
Ho every honest soul
Break off your bands and travel
The raging billows round us roll
We'll safely land in heaven

Hymn '11'

1 When first we were called to
To take up our cross
We plainly were told

12

That all things we must lose
Our houses and plunder
And likewise our lives
And all carnal pleasures
Of husband and wife

2

We simply believed
And thus we set sail
For heaven and glory
In a mighty gale
It seemed quite joyful
To go with the tide
The old man and woman
Could go side and side

3

It seemed quite joyful
Thus far to far to go

We cried to our fellows
Come leave all below
And thus we could flutter
And crawl on the bank
While safe we were fix
On the end of our plank

4
But now we were invited
To launch the great deep.
No longer around
In the shallows to keep
Come brethren and sisters
But less from the plank
Let's enter vessel
And pull in plank

5
The old man is fearful

6 So let his holt go
 For fear if he should
 So the bottom he'll go
 So all who are fearful
 The ocean to float
 Had better a bide
 In the old ferry boat

Hymn 5.

1 When the prodigal return'd
 From his state of ruin
 With distress his spirit burn'd
 For what he had been doing
 Tho his heart was fit to burst
 At the recollection
 Yet he resolv'd to tell the worst
 And humbly seek protection

2 Leaning on his Fathers breast
 And glad he was arisen
 Freely there his sins confess'd
 And had them all forgiven
 Soon the tidings spread around
 There comes in another
 Here the rebble safe and sound
 Hail him as a brother

3 O what joy the Father felt
 To see his son returning
 How his tender bowels melt
 To hear the rebble mourning
 O what bounty is display'd
 While he is confessing
 So a feast is ready made
 Draught with every blessing

16

Now the music is begun
Now we see them dancing
Now behold the elder son
Towards the house advancing
How he mourns his painful lot
Thinks he had been starved
While his wicked brothers got
More than he deserved

5

Brother cast your anger off
And every passion bury
Come in and share the fatted calf
And let us all be merry
Will you grieve about him
When the calf is killed
If you come in when you are bid
You may yet be filled

Hymn 6.

17

1 When from Egypt first we fled
By the fiery pillar led.
Should the faithful soul could say
Come on brethren here's the way

2 While the gathering crowds unite
In the new and glorious light
Thousands then could boldly say
Come on brethren here's the way

3 Through the wilderness we steer'd
And while the Newlight appear'd
In all dangers we could say
Come on brethren here's the way

4 Still that course we lov'd the most
Which led us off Pharaoh's coast

18

Where 'twould end no one could say
But still the cry was here's the way

5

The solemn camp still moves along
With the shout and joyful song
All might preach exhort or pray
The common sound was here's the way

6

When the church sent out her spies
She they met us in disguise
By their looks they seem'd to say
Come on brethren here's the way

7

Soon the solemn call begins
You must all confess your sins
All that prov'd it soon could say
Come on brethren here's the way

8 Now believed now you must
 Bear your cross against your lust
 Hallelujah many could say
 Come on brethren here's the way

9 From these these two essential things
 O what consolation springs
 Now be faithful and you may
 Ever cry to here's the way

10 Now you may dismiss all fear
 Travel on in full career
 Hate the flesh and ever say
 Hallelujah here's the way

Hymn 7. Hallelujah

1 What could mean this solemn sound
 On the old encamping ground

20

Fields and forests all abroad. Halleluah
Vocal with the praise of God

2 Sweet forerunner of that day
For which millions long did pray
Now we see the rising sun
Now the glory is begun

3 When we had a distant view. halleluah
We could bid this world adieu
In the prospect we could shout
Now we boldly venter out

4 Honest souls your prayers are heard Halleluah
Now salvation has appeared
If you're ready now come in
Now you may be saved from sin

5 Now the circumcising knife Halleluah

Comes a cross your carnal life *Halleluah*
 Now the cross you have to bear
 Or fight the answer of your prayers

6 In the separating day awful ^{to the} awful
 Many souls will turn way
 When the way becomes so rough
 They think they've traveled far enough

7 *Halleluah*
 When we had the morning star
 Many thought we had went too far
 What will blinded mortals say
 When we walk in open day

Hymn. 8.

10 ^{saints} Ancient in pain and travel
 Saw far off what God had willed

Now the promise is unravel'd
 Now the vision is fulfil'd
 Like a city high and walled
 Lo the church doth now appear
 And the name by which shes called
 So in truth the Lord is here

2

God is here his works declare it
 Righteous works that shines abroad
 Here's the truth and all who hear it
 Shall confess it is of God
 Such a city heaven intended
 Should appear upon this earth
 Down from God she has descended
 Full of joy and heavenly mirth

3 Thout a loud ye sons of Zion
 Christ the Lord has come to reign
 No more ^{sorrow} no more sighing
 No more sickness death or pain
 No more kindreds tongues and nations
 Dashing like the troubled sea
 But the heirs of faith and patience
 All in peace and harmony

4 Every faithful overcomer
 Who their daily cross have borne
 These enjoy perpetual summer
 And their sun goes down no more
 In this blessed new creation
 Souls are gathered into one
 Here is Gods true habitation
 Here is heaven on earth begun

5 All look for Christs appearing
 Here may see the living sign
 By the virtue of crops bearing
 How his faithful followers shine
 Justified in their obedience
 God bestows renewing grace
 Here begins the upper regions
 Here's the high and holy place

6

Ye who for the truth have waited
 Here the voice of Lions King
 Come ye out be seperated
 Touch no more the unclean thing
 You shall be my sons and daughters
 Numbered with the heavenly train
 And shall drink of living waters
 Never more to thirst again

1 When the midnight cry begins
O what consternation
Thousands sleeping in their sins
Awaiting for salvation
Lo the bridegroom is at hand
Who will kindly treat him
Surely all the waiting band
Will now go forth to meet him

2 Some indeed did wait a while
And shewn without a rival
But they burnt up all their oil
In the first revival
Happy souls that once had light
When the scene is closed
Now against the bridegroom fight
Yea now they stand opposed

3 While the wise are passing by
 Still with their lamps prepared
 Give us of your oil we cry
 If any can be spared
 Althen trim their former snuff
 Is it not amazing
 They pretend they've light enough
 And think their lamps are blazing

4 Foolish virgins do you think
 Our bridegroom's a deceiver
 You may light yourselves away
 And try to sleep forever
 We have light to see his face
 On whom we have believed
 If there's deception in the case
 'Tis you that are deceived

5 Now the door is opened wide
 The lamps are all anointed
 And virgins wise attend the bride
 Unto the place appointed
 Who do you think is now a guest
 Its not the carnal lover
 He that hath his sins confessed
 And put them away forever

Hymn 10.

1 Hail the day so long expected
 Hail the year of full release
 Lions walls are now erected
 And her watchmen publish peace
 From the distant coasts of Shinar
 The shrill trumpet loudly roar
 Babylon is fallen is fallen is fallen
 Babylon is fallen to rise no more

2 All her merchants cry with wonder
 What is this that's come to pass
 Murmuring like the distant thunder
 Crying out. Alas! Alas!
 Well the sound ye kings and nobles
 Priests and people rich and poor
 Babylon is fallen is fallen is fallen
 Babylon is fallen to rise no more

3 So the captives are returning
 Up to Lion now they fly
 While the smoke of Babels burning
 Rolls across the darkened skies
 Days of mourning now are ended
 Years of bondage now are o'er
 Babylon is fallen is fallen is fallen
 Babylon is fallen to rise no more

4 Tune your harps ye heavenly choir
Shout ye followers of the Lamb.

See the city all on fire
Clap your hands and blow the flame
Now's your day of compensation
On the scarlet colored whore

Babylon is fallen is fallen is fallen
Babylon is fallen its rise no more

Hymn 11:

1 O the blessed revelation
Which the birth of Christ contains
Here begins the new creation
Where the God of glory reigns
Never could the joys of heaven
In the souls of men abide
Till our saviour had arrived
To debase their haughty pride

2 While deluded souls aspire
 After something great and high
 Looking out for their Messiah
 To come thundering through the sky
 Far beneath their carnal senses
 So the hosts of heaven bend
 To behold the prince of princes
 Meeker than the sons of men

3

By his spirit we are able
 The mysteries cause to trace
 Why his birth place was a stable
 Why he chose so mean a place
 Born in our inferior nature
 As his flesh was humbled down
 By so much was he the greater
 In true glory and renown

4 Ground your arms ye bloody Heroes
 Let your vain ambition cease
 Jesus Christ the chief of heroes
 Lived a life of perfect peace
 At the pomp of Alexander
 With his thousands on parade
 Sinks before our good commander
 Working at his honest trade

5 While we follow his example
 Nail the flesh up to the cross
 On its glories we can trample
 Count them all but dung and dross
 Here we learn who is the greatest
 Who obtains the brightest palm
 He it is who walks the straightest
 In the footsteps of the Lamb

6 Once again hath Christ descended
 To be born upon this earth
 Once again the world's offended
 At the meanness of his birth
 Let them vent their rage and fury
 Still the gospel will increase
 And our souls shall ever glory
 In the God of love and peace

Hymn 12.

1 The dawning day diffuse her light
 The morning star arose
 Foretold the antichristian night
 Was drawing to a close
 The happy day which God ordain'd
 When Christ should come again
 Where antichrist should cease to reign
 And souls be saved from sin

2 God sent his holy spirit down
The sons of men to view
To see if any could be found
His mighty work to do
To see if any faithful one
Was waiting night and day
To see whom he might reveal the son
That many might obey

3 But truly there was not a man
On earth that he could find
To execute the glorious plan
Jehovah had designed
To search the earth from end to end
And blow the solemn blast
To make their haughty spirits bend
And crown the truth at last

4 No mighty warrior ne not one
 No man of high renown
 Who could the man of sine dethrone
 Or rend his kingdom down
 But to a woman God did chuse
 A female was the one
 That first proclaim'd the joyful news
 And made his purpose known

5 She saw the lep mankind were in
 By nature how deprav'd
 She showed the root of sin
 And how he must be sav'd
 And in the power and gift of God
 She taught the living way
 The self denying path she trod
 And many did obey

6 Her soul contains the living word
 From every lust refined
 'Twas like sharp two edged sword
 Against the carnal mind
 A full redemption from all fall
 Her children do possess
 And by this name she shall be call'd
 The Lord our righteousness

Hymn 13.

1 I often heard of shakers
 While in my native land
 That they were a deluded
 A blind bewitched band
 Such awful news was spreading
 So horrid to relate
 How wicked they were acting
 In the Ohio State

36

2 At length I went among them
 To see how they went on
 I quickly ~~was~~ convinced
 All these reports were wrong
 I found they were a people
 Such as I'd never seen
 So bright so pure so holy
 So much opposed to sin

3

I found I'd got to Zion
 Where saints and angels dwell
 Such piercing streams of glory
 My soul had never felt
 My soul was struck with wonder
 To find such glory there
 Where all is peace and union
 Without ^{one} single jar

4 I cried adieu to pleasure
Of every other kind
I'll lay aside my idols
And leave the fesh behind
I've found a blessed people
With whom I bear my cross
And count all earthly glory
As vanity and dross

5
But since I've found the city
Where God and glory reigns
I'll bid adieu to Sodom
And all her dismal plains
The persecution rages
We'll boldly shout and sing
We shall be safely guarded
By Soloms conquering King

6 Amidst all tribulation
 We feel our joys increase
 Altho the world do hate us
 In Zion we have peace
 Sweet union here is flowing
 All thro' this happy place
 Here flows the chrysal fountain
 Here God unveils his face

7
 Fair lilies here are growing
 That never fade nor die
 No other ground produces
 Such fruits of peace and joy
 Their joys are still increasing
 Their songs are ever new
 They love their great creator
 And all their brethren too

Journey to Canaan. ~~Exodus 14~~ 39

1 The old Israelites knew, what it was they must do
If fair Canaan they ever possess
That they must keep in sight of that pillar of light
Which then led to the promised rest
That the camps on the road should be their abode
But as oft as trumpet did blow
Then all glad of the chance for a further advance
They must take up their baggage and go

2 I am thankful indeed, for that heavenly lead
Which before ^{me} has hitherto gone
For that pillar of love which forwards does move
And which gathers our souls into one
While the sin hating throng are advancing along
Into closer communion they flow
And now all who would stand on the promised land
Let them take up their crosses and go

3 Now the way is all new as it opens to view
 And behind is a foaming red sea
 So that none need to speak of their ^{leak} onions and
 Or to talk about gaulicks to me
 I'm engaged in pursuit and must have the ^{fruit} good ~~fruit~~
 Which in bonnaans rich valley does grow
 And the millions of foes should rise up and oppose
 I'll take up my cross and will go

4 Altho scatterd around on this wildecness ground
 With goo manna a while have been fed
 But this wont always do we must rise and go ^{though}
 And must have the unleasend bread
 Now the morning dawns dawn for the camps to ^{on} ~~move~~
 And the Priests with their trumpets do blow
 At the sound of the trump I am ready to jump
 And for one I am ready to go

5 Altho some in the rear should preach terror and fear
And complain of the trials they meet
Sho the Giants before with great fury do roar
I'm resolv'd I will never retreat
We are little its true and in number are few
And the sons of old Anach are tall
But while I see a track I will never look back
I will go on at risk of my all

6 For on Jordans near side I can never abide
And no place of repose I can see
Till I come to that spot and inherit that lot
Which the Lord God will give unto me
It is union I seek with the pure and the meek
So an end to all discord and strife
Since I've fixed my eyes on the heavenly prize
I'll go on at the risk of my life

7 If I'm faithful and ^{true} and my journey pursue
 Still I stand on the promised shore

I shall thankfully see what a blessing to me

Was the mortified cross which I bore

Then as loss is my gain I will never complain

But as long as I'm able to cull

With the resolute few I'm resolved to go through
 And will suffer the loss of my all

8

All my honor and wealth and my pleasure and ^{health}
 I am willing shall now be at stake

And if Christ I obtain I shall think it great gain

For the sacrifice which I shall make

When I all have forsook like bubble 'twill look
 From the midst of a glorify'd throng

O then let us agree and from bondage be ^{free}
 And to Zion be moving along

Hymn 15

43

1 Sing sing O ye heavens while we in sweet mirth
Do praise the great Shaker of heaven and earth
Who cherished pure Mother in his holy place
Till she had conceived a heaven born race
And brought fourth her shakers
A race of peace makers
And made them partakers
Of her precious name

2 Amazing amazing what heaven hath done
Since Mother conceived her ^{first} blessed son
The holy child Jesus on earth he was born
To shew forth the Father and then to return
He was the first Shaker
From God his peace maker
And the first heart breaker
To mortals made known

3. His Mother was with him wisdom she spoke
 Empowered by the Father the earth he did shake
 He sapped the foundation which mortals had laid
 And Oh! for his shaking how dearly he paid
 They murdered the Shaker
 And as a peace breaker
 They made ^{him} partaker
 Of death hell and pain

4. His Mother recalled him from this bloody race
 And he with his Father prepared a place
 When all things were ready in Mother good plan
 To him she espoused our good Mother Ann
 Then she was a shaker
 Another flesh breaker
 The first true forsaker
 Of all that was flesh

45

5 In Mothers pure spirit did Anny begin
To break up the horrid foundation of sin
And she so loudly the last trumpet did blow
That she shook the ~~earth~~ and the heavens also
And some came out shakers
And others were quakers
But look out for breakers
Professors did cry

6 Now all that were shakers their sins did confess
And for their salvation good Anny did bless
They call her their Mother both aged and youth
So she was the Mother of shaker in truth
Then laugh at the shakers
Ye world of flesh makers
But look out for breakers
When harvest is over

7 Now round a kind Mother her children can ^{play}
 And bless the Lord Jesus who opened the way
 With singing and dancing they fill their abode
 And give all the glory to one holy God

What pretty shakers

What loving peace makers

The only partakers

Of all that is good

Hymn 16

1 The gospel is advancing
 And freedom is commencing
 With leaping and with dancing
 We hail the jubilee
 The fire is increasing
 The flame is never ceasing
 I feel I am releasing
 And now I will be free

2 With freedom I'm delighted
 I will not stand affrighted
 Come let us be united
 And sound the jubilee
 The bonds of flesh are breaking
 The Devil's kingdoms shaking
 And his foundation quaking
 Because we will be free

3 Now in the strength of union
 Subdue the great Apolion
 Believers in the ~~strong~~ communion
 Proclaim the jubilee
 And with the trumpet sounding
 And anlechrist confounding
 Our love and zeal abounding
 Determined we'll be free

42

4 And now each true believer
May bind the old deceiver
And keep him bound forever
Throughout the jubilee
This work of tribulation
To free from condemnation
It brings complete salvation
To all who will be free

5 The gospel fire is blazing
The world with wonder gazing
They say it is amazing
Is this your jubilee
But we will roar like thunder
And break our bonds asunder
And fill the world with wonder
And then we will be free

- 1 Here are they who have confessed
And forsaken all below
And for their pains now see them clothed
In garments white as snow
- 2 There are they who have endured
Great affliction while below
And for their pains now see them clothed
In garments white as snow
- 3 There are they who were rejected
And despised while below
And for their pains now see them clothed
In garments white as snow
- 4 These have come through tribulation
Bore their cross while below

50

And for their pains now see them clothed
In garments white as snow

5

O young brethren O young sisters
Bear your cross while below
And for your pains you shall be clothed
In garments white as snow

Hymn 18.

1 Precious youth come give attention
Fix your minds on what we say
We have solemn things to mention
For it is a trying day
We have borne the weight and burden
Since the gospel first came in
To prepare this little garden,
Where ye might be saved from sin

2 On this chosen lovely section
 We have faced the powers of hell
 And when ye could find protection
 Still we felt that all was well
 We have suffered in our measure
 When we were but weak and few
 So secure this gospel treasure
 And commit it unto you

3 Can you then be so ungrateful
 From the way of God to run
 Turn ~~that~~ wonton proud and hateful
 After all that has been done
 That vile spirit O how cruel
 To despise our tender care
 This must be the hottest fuel
 That a soul did ever bare

4 Think of youth in former ages
 Muster'd in Mount Sions laws
 They could freely burn to ashes
 Rather than desert their cause
 They rejected all temptation
 Would not hear their wicked lies
 And could treat with indignation
 All that would apostatise

5 Children we have truly bound you
 To maintain Gods holy law
 But theres devils watching round you
 To decoy your souls away
 Will you have the least connection
 With deceitful wicked men
 Go away from your protection
 To their dark infernal dens

6 Quit your dreams of earthly pleasures
 Quit your dark and secret holds
 Take the gospel for your treasure
 Bearer to them that love your souls
 Can you think of being driven
 Into everlasting woe
 Turn your eyes to God and heaven
 Let the flesh power go

7 Take the yoke upon ~~thy~~ shoulders
 O thou bright and blooming youth
 And despise not them that older
 Who have suffered for the truth
 Take the ground which God has given
 What your taught maintain with zeal
 Then the very joys of heaven
 All in union we will feel

54

We are seen Hymn 19.

1 All things here on earth revealed
Indicate a great first cause
From whose sight there's naught concealed
All omniscient are his laws
Every thought and word and action
All lie open to his view
None can hide the least transaction
We are seen in all we do

2

Mortals here may try to cover
And conceal their sins a while
There's a God who will uncover
And expose their deepest guile
True as heaven ever existed
Watchmen there their vigils keep
Every veil shall yet be lifted
There's an eye that never sleeps

3 Altho conscience seem to slumber
 And resign its sweet controul
 Yet each deed records its number
 Deep engraven on the soul
 And from theses the soul eternal
 Takes impressions day by day
 Whether spiritual or carnal
 Good or evil yea or nay

4 Who can hide a guilty conscience
 Fearful state of sin and woe
 Who can grope through time unconscience
 And their staining never show
 Who can smother flames unceasing
 Deep concealed the gnawing worm
 Shame and quill their load increasing
 And with inward horrors squirm

56

5 We may seek to veil from mortals
Deeds that cannot bear the light.

Who can hide from the immortal
That surround us day and night
Are not thousands now beholding
Every thought and word and way
And our very thoughts unfolding
In the blaze of endless day

6

Have not those who stand connected
With the source of truth and light
Many secret sins detected
And exposed to mortal sight
Are not all our words and actions
Fruits that mortal eyes can view
Tis a truth without deception
We are seen yea through and through

7 But the honest pure and holy 57
Never fear the searching light
Knowing, it will increase their glory
To appear in open sight
These shall stand the test triumphant
Joyful that their state is known
Glowing like the stars effulgent
Shining round Jehovah's throne

8 Hymn 20

1 Put off O Jerusalem thy mourning array
The floods of affliction appear in thy way
And gird on the beauty of thy comeliness
Salvation and glory in its full increase
Thy brightness shall surely be shown by thy ^{God}
Under the heavens and country abroad
Thy name shall be called Jehovah now say
For ever the way of salvation and praise

2 Arise O Jerusalem and stand upon high
 Thy children are gathering to thee they draw nigh
 Behold from the east and the west they have come
 With joy and remembrance of the holy one
 Be faithful my children and take a good heart
 From the O Jerusalem I'll never depart
 For thus saith Jehovah who gave thee that ^{name}
 With thee all the comforts of heaven remain

3 For God hath appointed that every high hill
 Shall be cast down and the vallies be filled
 To make the ground even a safe pleasant road
 That Israel may go in the glory of God / ^{Tree}
 Moreover the wood and each sweet smelling
 A shade over Israel forever shall be ^{Legend}
 And under their branches he safely shall
 And there be protected by heaven command

1. When Christ the masiah first preached salvation
 His kingdom was small tho his power was great
 He was the first founder of the new creation
 His gospel first opened the strait narrow gate
 Hail thou bright gospel of endless salvation
 O lend ^{us} thy power to help us along
 Away from this world and all carnal relation
 To share in the joys of the heavenly throng

2.
 Behold the great day of eternal salvation
 Which long wasfore seen by the Fathers of old
 Has now come to light by this last revelation
 According to that which the prophets foretold
 Hail thou brigh Father of endless salvation
 O lend us thy power, to help us along
 Away from this world and all carnal relation
 To share in the joys of the heavenly throng

3 The celestial dove from the fields of communion
 Where millions and millions of angels agree
 Has brought in her hand as a pledge of her union
 A beautiful branch of this great union tree
 Hail thou bright Mother of endless salvation
 O lend us thy power to help us along
 Away from this world and all carnal relation
 To share in the joys of the heavenly throng

4 This branch from this great union tree now is growing
 And many are blest, & with armour of peace
 Sweet rivers of union from Zion are flowing
 And many shall see their eternal increase
 Hail thou bright fountain of endless salvation
 O lend us thy power to help us along
 Away from this world and all carnal relation
 To share in the joys of heavenly throng

Hymn 22.

61

1 The Lord his temple now doth fill O halahalahuah
 Let all the kings on earth be still
 O glory halahuah blow ye the trumpet
 Blow O halahalahuah blow ye the trumpet
 Blow O glory halahuah

2 At his right hand behold the queen
 O halahalahuah with virgins dancing
 On the green O glory halahuah
 Blow ye the trumpet blow halahalahuah
 Blow ye the trumpet blow O glory halahuah

3 As Christ advances in the cloud
 O halahalahuah his angel blow the trumpet
 loud O glory halahuah
 Blow ye the trumpet blow halahalahuah
 Blow ye the trumpet blow O glory halahuah

4 Now from all bondage we'll be free
 O halahala luah this is our Mother
 jubilee O glory halahuah ^{hal}
 Blow ye the trumpet blow halahuah
 Blow ye the trumpet ^{blow} O glory halahuah

5 This jubilee is from above
 O halahala luah it came to us with
 Mother love O glory halahuah
 Blow ye the trumpet blow halahuah ^{hal}
 Blow ye the trumpet blow O glory halahuah

6 As Lions golden streets we tread
 O halahala luah we'll dance and bruise
 the serpent head O glory halahuah
 Blow ye the trumpet blow halahuah ^{hal}
 Blow ye the trumpet blow O glory halahuah

7 We're glad and thankful for the day
 O haka haka luah that we can meet to dance
 and play O glory haka luah.
 Blow ye the trumpet blow haka luah.
 Blow ye the trumpet blow O glory haka luah

Hymn. 23.

1 I am the living shepherd
 And all my precious sheep
 That stay within my pasture
 I will forever keep
 My life is not too precious
 I freely lay it down
 To ransom all that gave me
 From wolves that howling round

2 I am the goodly shepherd
 My sheep do hear my voice
 To strangers will not hearken
 They follow me of choice
 My little lambs I carry
 And fold them in my arms
 Thus under my protection
 They are safe from every harm

3 I am the door that open
 My fold is large and clean
 I lead to living fountains
 To pastures large and green
 No wolf shall ever hurt them
 Nor ravenous beasts of prey
 If they be always careful
 Upon my ground to stay

4 But oh my sheep I warn you
 That strangers are about
 They're trying to entice you
 And get you scator'd out
 They're throwing in their darkness
 Their pride and carnal lust
 Discouragements and weakness
 And every thing thats curs'd

5 My precious sheep come ~~forth~~ shearken
 And follow me of choice
 I guide you through the darkness
 You shall not suffer wrong
 I'll slay those beasts before you
 All fleshly lusts cut down
 The basest wolf that travels
 Or devils forest round

- 6 If any choose to scatter
And wander in the dark
Remember you're in danger
In every step you take
But all who keep their union
And feed around my tent
They shall escape all danger
That devils can invent

Hymn .23.

- 1 I'll gird my self I will be free
I'll stand upon my watch
In union let us all agree
And keep this heavenly spot
A little spot of righteousness
Encircled round with peace
We will maintain what we have gain'd
And labour for increase

2 A little branch of righteousness
 Both now begin to bud

We will manure and nourish ~~to~~ it
 To bring forth fruit to God
 'Tis planted by our Father
 And often dug around
 We must take ~~heave~~ ^{care} what fruit it ^{bear}
 Or he will cut it down

3 To be a fruitful traveler
 My soul is on the stretch
 In union with good labourers
 In every step I fetch
 A loving disposition
 A spirit meek and mild
 I will take heed that it shall lead
 I'll keep it undefiled

No ugly tawning cruelty
 Shall ever move my tongue
 I'll labour into purity
 All wicked things be gone
 My wicked ugly nature
 I'll stomp it down to hell
 I will take care my crops to bear
 And then I shall do well

Hymn 24

Come ye sinners come and welcome
 'Tis the last and final call
 Christ the saviour now is ready
 To receive you one and all
 Come and welcome come and welcome
 Welcome to his judgment hall

2 Come your blackest crimes confessing
And be saved from your loss
Learn the young disciples lesson
Part with all as dung and dross
Christ in Mother Christ in Mother
Bids you welcome to the cross

3 Will you stand the fiery trial
And the gospel call obey
Take the road of self denial
Live to God both night and day
Come and welcome come and welcome
To the new and living way

4 When the thorny way grows rougher
Then we know that all is well
What old Adam has to suffer

Men nor angels cannot tell
 But he is welcome but he is welcome
 Welcome to the pains of hell

Faithful souls keep on your travel
 Struggle through the enchanted ground
 Fight the world the flesh and devils
 Soon you'll hear the joyful sound
 Come and welcome come and welcome
 Welcome to the unfading crown

Hymn 25

I'll carry my sword that Mother gave me
 I'll conquer my foes as strong as they be
 I'll war and I'll fight I never will cease
 Until I gain salvation and peace

Hymn 26.

71

1 Some times in spirit I look to Mount Zion
Where beauty and glory forever abides
Where meekness and union and love are abound^{ing}
And nothing can enter the saints to divide
If we would inhabit this beautiful city
And share in the comforts of heavenly sweet
We must live in meekness and love one another
Or else we can never walk Zion fair streets

2 The way to this city was always too narrow
For those who refused their crosses to bear
But those who are faithful to walk in gospel
Will hasten their journey and soon enter there
Tho we should meet crosses afflictions and trials
Our parents encountered the same on their way
For if we should travel the road that was easy
The serpentine nature we never could slay

72

34
 'Tis well that passage that leads home to Zion
 Was always travelers found narrow and strait
 For if it were wider the flesh would then enter
 A doalful disturbance in heaven create
 Come brethren and sisters come let us be moving
 Towards the fair city where love is complete
 Lets leave all that's fleshly and evil behind us
 That we may triumphant our parents all meet

44

Our time is still rolling and passing most swiftly
 And satan is busy by night and by day
 All heaven is calling on us for to hasten
 Since death and destruction are fruits of delay
 Come let us be little obedient and loving
 And put away all that is lofty and high
 Then Zion will rise like a beautiful morning
 And we shall know that redemption is nigh

1 Hark how the watchmen cry and call
The trumpet sounds from Lions wall
So arms to arms both great and small
Awake from sleep and slumber
The greatest war beneath the sun
Is surley now with us begun
Each soul must fight or shortly run
And leave the valient number

2 I love hear the watchmen cry
I love to see the colours fly
I mean to conquer now or die
I'll meet the great Goliath
This freedombling giant cannot stand
Before this little valient band
We'll now go up and take the land
And all their cities fire

714

3 At Jordans ford we'll leave our lust
And in the God of Zion trust
The Canaanites may do their worst
Their lands we are subduing
Our simple trumpets we will blow
And rend the walls of Jerico
And let the fleshly nature know
We'll lay it all in ruin

4

The land is our peculiar right
By promise we may all unite
And put the Aliens all to flight
And all their cities plunder
For full destruction we will make
And rid the land of every sect
And put our foot upon their neck
And fill the world with wonder

5 Jerusalem shall now be built
 And no more blood in her be spilt
 For God shall wipe away her guilt
 And she shall now be holy
 His holy temple here shall stand
 In this uncircumcised land
 For God shall break the giants hand
 And fill his house with glory

Hymn 28

1 Come all true partakers of that precious faith
 For which Jesus suffered the most cruel death
 And Mother in order partook a full share
 Of suffering and travel her children to bear

2 This precious foundation of Zion is laid
 By these two great pillars on which it is staid

76

Who through their ^{obedience} to that precious faith
Was blep, & by the Father and triumphed over death

3

Obedience is what their example doth teach
And this is the faith which their children ^{teach} all
Then come on good brethren arise and go ^{tho}
And follow their footsteps till we have gone thro

4

When tho we meet trials temptations and crosses
It serves for the humble and purges from dross
Obedience will save us if we are not slack
Lets press on our journey and never look back

5

When mortification rolls on like a flood
Let us never reject it it ^{is} for our good
It will humble us down and make us feel low
And we shall be blep wherever we go

6 And when were sufficiently mortified down
 To the order of God which in Lions made known
 How little how simple how loving and free
 And Mother will bless us wherever we be

7 And when in ~~obedience~~ ^{obedience} to Mother we move
 Our Bles'ds will own us and bless us with love
 Then blessed by our brethren and sisters also
 We'll bless one another wherever we go

8 And while we move forwards in union and peace
 Our souls will be bles'd with a constant ^{ase} increase
 How happy how happy how happy and free
 How blessed all we little children may be

Hymn 27

1

How I prize my lovely treasure
 Sent from Lions spotless dove
 Now I realise with pleasure
 Precious Mother Lays love
 Heirs of the heavenly graces
 Glorified with Christ above
 Joined in Mother Anns embraces
 Clothed with beauty and with love

2

Come thou blessed of my Father
 Saith the well beloved son
 Take the crown for you prepared
 Take the kingdom thou hast won
 Heaven opens wide her portal
 To receive the happy guest
 Now she wears a crown immortal
 With the first born heirs of rest

3
Mothers chaste and holy spirit
Sits upon the Fathers throne
Life eternal to inherit
That her virtuous life hath won
Well done good and faithful Mother
Now receive thy just reward
In the kingdom with thy saviour
Reap the glory with thy Lord

4
Now thy children rise and bless thee
Unborn millions will the praise
With loud anthems they address thee
And their thankful voices raise
While they imitate thy virtues
While thy wisdom they extal
They will bless the name of Mother
Who prepared the way for all

5 Lions for treps thou hast strengthen'd
 And her walls hast fortified
 Every cord thy hand hast strengthen'd
 And adorn'd her like a Bride
 Thou hast beautified her towers
 Thou hast her gates with pearl
 Thou hast give her strength or power
 Every banner to unfold

6

Beauty reigns all round her borders
 Where her lovely feet hath trod
 Truth and justice peace and order
 In the power and gift of God
 Lord let Mothers name be graven
 On the table of our hearts
 Seal us with the band of union
 Never let thy love depart

1 How dissatisfaction will roll through the mind
Of those who are lovers of sin
True happiness never for them was designed
Their judgment at length must roll in
How long shall the wicked abide with the just
Heavens how long shall it be
Shall Zion like Israel with Achan be curs'd
And never be wholly made free

2 Shall those who continue to do their own will
And give their profession the lie
Go on ^{with} a lost nature of lust to fulfil
And all righteous council defy
Shall those vile offenders continue secure
The day is advancing along
To try who is honest enough to endure
The work of a glorify'd throng

3 By the laws of mount Zion the wicked must flee
To some other region or place

For they ^{and} righteous can never agree
Who're sowing the true gospel seed
It's chaff by the fan from the wheat ^(blow) must be
So wickedness all must depart
Before the true God and his Christ ^{known} they ^{know} how
Who dwells in a sin hating heart

4 But those are loyal to Zion great King
For their independence may stand
A soul undefiled a conscience that cleav
Will ornament heavens pure band
Then lift up your heads ye afflicted ^{say} and
The order of God is my shield
So in this pure order of Zion I'll stay
To no other order, I'll yield

Hymn 31.

83

1 No adverse winds my course shall bind
 All dangers I am braving
 I'll steer my bark towards the ark
 Where Mothers standard waving
 To billows roar I put to shore
 My anchor is secured
 I'll seek and strive till I arrive
 In port where life's insured

2 With zeal I'll sweep the flowing deep
 And take my cross with pleasure
 And labor more to have in store
 An ever lasting treasure
 I watch and pray to keep the way
 As Christs example teaches
 I'll not complain but strive to gain
 The never fading riches

84

3 This we may know what'er we saw
The same must be expected
Tares are not wheat wild oats are not
Such fruits must be rejected
To say I love my God above
And set great store by Mother
It's all all deceit if I should hate
My sister or my brother

4 Again unless my righteousness
Exceed the antichristian
My hopes will fall when God shall call
My faith and works in question
Where few can meet in union sweet
A humble mind possessing (prayer)
Christ will be there and grant their
And give them Mother's blessing

5 I'll kiss the rod that's sent of God
 Be patient meek and humble
 No heavy strokes shall me provoke
 To murmur fret or grumble
 Then I can say O blessed day
 I have received with pleasure
 That blessed peace which will increase
 And be my lasting treasure

Hymn 32

Come look at this ancient pardiction
 And here you may see at a glance
 Why some are bound with affliction
 While others rejoice in the dance
 We heres have the interpretation
 Of what the old Patriarchs dream
 When out of this old generation
 Our souls unto God are redeemed

As woman was first in deception
 And fell through temptation and lust
 Therefore in her carnal conception
 With sorrow and pain she was curs'd
 Her pleasures has been but a bubble
 Succeeded by anguish and woe
 But free from all sorrow and trouble
 Now into the gospel they flow

With weeping lamenting and crying
 This fallen creation may ring
 But O ye fair daughters of Zion
 For gladness of heart you may sing
 Redeem'd from the world flesh and Devil
 We find a more noble employ
 And reap as the fruits of our travel
 The harvest of glory and joy

The dances of them that make merry
 To innocent virgins belongs
 While those who in bable do tarry
 Shall mourn for their mischief and wrong
 Among the distressed and dying
 The joy of their tabernacles shall cease
 But in these high places of Zion
 I will sound with eternal increase

Hymn 33

1 Mankind has like a desert been
 Long without cultivation
 And from a constant course of sin
 They have had no salvation
 But now the desert shall be gay
 For lo the cultivator
 Has come prepared to purge away
 The wild and barren nature

2 The wilderness may lift her voice
 For waters forth are springing
 The waste shall flourish and rejoice
 Open with joy and singing
 That happy day we now perceive
 Which long has been predicted
 For Christ has come for to release
 And comfort the afflicted

3 The weak may comfort now receive
 Where strength is freely given
 To every one that will believe
 And do the will of heaven
 The blind may see the lame may walk
 Such is the new creation
 The deaf may hear the dumb may talk
 The lost may find salvation

4 The humble soul may now be free
 From every thing that's evil
 For it has got no right to be
 In bondage to the Devil
 That wicked spirit by the wise
 Shall surely meet detection
 And all his murders thefts and lies
 Be open to inspection

5 This cruel monster tho he may
 In anguish fret and cavel
 Can never come on the high way
 Where on the righteous travel
 This holy way can ne'er be trod
 By any unclean creature
 For all who walk the way to God
 Deny their carnal nature

- 6 Since the true way of life is found
 In which we find salvation
 Let peace and joyfulness abound
 Through ^{all} the new creation
 Let grief and sadness flee away
 Since Satan is detected
 For since he's brought in open day
 His works must be rejected

Hymn 34.

- 1 What ever disasters of nature
 Upon the believer may fall
 His treasure in God so much greater
 He chiefly smiles at ^{all}
 He soon by experience discovers
 That this is the gospel design
 The more that he righteously suffers
 By so much the brighter he'll shine

2 The more the flesh is abased
And mortified down with distress
The higher the soul will be raised
And so much more glory possesses
Then where's the foundation for sorrow
So long as my faith I obey
I need not take thought for to morrow
But just do my duty to day

3 Along the true path of obedience
My feet shall be swift as an hind
And these are the upper most regions
That I am concerned to find
Upon these high places I travel
And here I'm secured from the beast
And neither the world flesh nor Devil
Can inguore my soul in the least

1 For Lions sake I will keep

My voice like one in silent sleep

Untill the church with peace is blest

I never more will be at rest

Until her righteousnes appears

To all the nations far and near

And her salvation work shall scorih

The wicked like a blazing torch

2 Then shall the nations see and know

The righteous works that ye shall do

And all the Kings on earth shall see

Thy glory and acknowledge thee

They shall no more despise thy state

No say thy land is desolate

Thou shall be called Happyhath

And all thy blest land Beulah

3
 Jehovahs mouth hath fix'd a name
 That he might be in marriage claim
 For he delighteth much in thee
 And will thy God and husband be
 He'll hold thee fast throughout land
 A crown of glory in his hand
 And in his grasp so near to him
 Thou art his royal Diadem

4
 I have set watchmen saith the Lord
 Upon my walls to keep my word
 And they shall never hold their peace
 But teach you on as you increase
 All ye who in Jehovah trust
 Hold not your peace give him no rest
 Untill he make the church to stand
 To living praise throughout the land

94

5 Pass through the gates prepare the way
For all who will the truth obey

Lift up a standard wave your spears
And blow the Trump for volunteers

Turnout turnout Jehovah cries

Your saviour comes arise arise

A blest reward your saviour holds
A bounty free for honest souls

6

Come on ye heroes of the day

If ye would march the living way

Come sign the orders free from blame

And you shall have a noble name

Jehovah says your name shall be

Set out and made forever free

A city for your long abode

That's not forsaken of her God

Hymn 36

95

1 My hand saith ~~the~~ God shall cover
 The people whom I claim
 I'll guard the house forever
 Where I have placed my name
 Come then my chosen nation
 Be thankful and adore
 The God of your salvation
 Your light forever more

2 O thou more be be cheerful
 For thou shall comfort find
 Let nothing dark or fearful
 Lay hold upon thy mind
 Do thou thy children nourish
 For they shall all be fed
 See how thy gardens flourish
 Thy fields afford them bread

96

3 Be joyful O thou Mother
Be glad ye children too
And seek not for another
To lead and comfort you
My wells are fill'd with water
My goodness shall cease
To every son and daughter
May grow in love and peace

4 Behold the number sealed
Unto Jehovah feast
Who have their laws fulfilled
Who have subdued the beast
The righteous shall be raised
The wicked be debased
And while good deeds are praised
All evil be disgraced

5 The fear not my beloved
 I'll guard you saith Lord
 Your virtues are approved
 Receive the great reward
 Come then my chosen nation
 And bid this world adieu
 Receive the great salvation
 Which is prepared for you
 Hymn 37.

'Lift your heads ye once afflicted
 Let your eyes with joy behold
 What the Prophets long predicted
 What the son of God foretold
 Now Jehovah fills his temple
 Thence his glory shines abroad
 There his saints with reverence tremble
 And confess that he is God

98

2 Sacrifices of thanksgiving
To his courts they daily bring
Songs of joy among the living
Makes his sacred temple ring
Through the ranks of vast creation
Nothing can be deaf or dumb
All must give their approbation
That the day of God is come

3

While his last loud call he utters
Nature can no more be still
All creation moves and flutters
In obedience to his will
When his power is to be proved
To convince the stupid soul
If he says O earth be moved
Lo it rocks from pole to pole

4 While his judgments are advancing
Satan's kingdom to destroy
Fields and forests fall to dancing
Dwelling houses crack for joy
Rivers heave and swell like Jordan
Flying fowls ascend the air
Soon this earth shall lose her burden
All creation does declare

5 God will shake this old creation
Ripe the earth from stem to stem
Fill the world with consternation
Till the way of truth they learn
Those who will not be restored
Sink to their respective hells
But our God shall be ~~adored~~ adored
In his temple where he dwells

1 I was thus the ancient prophet sung
While inspiration moved his tongue
And while by faith his harp was strung
The future things declared
But how much nobler is the song
Which to the saints of God belongs
When that which was foretold so long
In substance hath appeared

2 What hill or mountain is so high
As those who do themselves deny
They stand confess'd to every eye
As Gods true habitation
From thence he'll let all nations know
That to his church they have to go
And bow themselves exceeding low
If they would find salvation

3 The first dominion of the son
 In selfdenying work begun
 But equal victory must be won
 By Lions lovely daughters
 The male and female now unite
 Which brings the kingdom to its right
 The woman must her battle fight
 Just as her Lord hath taught her

4 ^{and} Wise thrash is her command
 And break in pieces every band
 Till in the gospel she can stand
 A pure and spotless creature
 Her iron horn and brazen hoof
 Upon the flesh comes truly rough
 Which makes the sons of pleasure snuff
 No wonder that they hate her

5 It is from her the law proceeds
Which does its self in righteous deeds
And into peace and union leads
And every thing that's charming
Where this pure law of Lion rules
The warriors courage soon it cools
Converts their bloody war like tools
To instruments of farming

6 Here is the tower of the flock
Built on an everlasting rock
And nature has to feel the shock
While souls do here assemble
While into this strong hold the flee
Where all is peace and harmony
The cracking earth and boiling sea
Makes frighed mortals tremble

7 How glorious is the mount of God
 Beyond the reach of every flood
 And while destruction rules abroad
 How safe is the believer
 This lovely new Jerusalem
 All other buildings will condemn
 And in Mount Zion over them
 The Lord shall reign forever

Hymn 39.

1 Keep silent before me Jehovah doth say
 Prepare to my supper and make no delay
 All you that ^{are} bidden make war with the beast
 And of my ~~banquet~~ sacrifice bounteously feast
 2 The voice of Jehovah still loudly doth roar
 Against the old serpent and infernal whore
 3 The cry of his people the heavens do shake
 which makes the hills crush and the valleys to ^{quake}

3 It makes the most faithful to tremble and shroud
 When God rends the veil and uncover the heart
 Then howl ye unfaithful and tremble and fear
 For now all your rottenness has to appear

4 O what will you do in this terrible day
 When all your old covering is quite to be away
 And you are left naked exposed to all sight
 And nothing to hide you from the burning light

5 The Lord is searching the city to cleanse
 And punish such that's sleeping in sin
 The candles are lighted the work doth appear
 And now O ye hypocrites tremble and fear

Hymn 110

1 Come brethren and sisters let us travel on
 In the blessed journey which we have begun

The field of temptation we all must pass through
And when we have conquered all things will be new

2
Believers have always a warfare to fight
But no carnal weapon can sanction their right
The sword of the spirit the truth must defend
And gain a great conquest on which we depend

3
All those who are walking in Lions new road
Are called to conquer all evil with good
To preach by example as well as by word
That they may be honored of their blessed Lord

4
The tree is most certainly known by its fruits
And this the witness which none can dispute
Then let our works praise us in this gospel day
For reason and virtue will carry the away

5 And if we endure all the heat of the day
 And bear our own burdens nor faint by the way
 The Lord of the vineyard is faithful and just
 And we shall receive our reward with the rest.

6 The kingdom is most precious to which we are born
 And in it the greatest of treasures are found
 And all who desire these treasures to find
 Must keep themselves pure both in body and mind

Hymn 41

1 The gospel of the latter day
 The holy prophets oft did say
 In joy and mirth shall virgins play
 And follow their blest Mother
 The Father sent the son of man
 To show to us this heavenly plan
 Obedience is his commands
 So do as I have taught you

2 But lo! he said he'd come again
 With thousands of his saints to reign
 And Mother hath begun the same
 In Lions lovely daughters
 In Christ she says we now must learn
 And purge out all that is unclean
 And keep my sword that's sharp and keen
 For to destroy that nature

3 Be simple as a little child
 And keep your spirits undefil'd
 In all you do be meek and mild
 Is now the voice of wisdom
 Obedience does now fulfil
 All that is of the Fathers will
 And tho' it does our natures kill
 Receive it and be thankful

40 All heaven move a lovely sight
 Where saints and angels all unite
 Their garments are all clean and white
 In uniform they are marching
 In union I do mean't to go
 By it I heavenly things can know
 And while confin'd here below
 I'll do what is my duty

Hymn 412.

1 Pure wisdom here has took her seat
 Among the wise she now doth greet
 Come Mothers children we'll repeat
 The words which she has spoken
 Be faithful warriors while your young
 Why don't you fight while you are strong
 I'll put my words upon your tongue
 Now is your day to conquer

2 Now is your day your time to fight
 While wisdom leads your souls aright
 I am your lead I am your light
 That shines through all Mount Zion
 My little flock come now arise
 Who are of wisdom truly wise
 Come take the everlasting prize
 And fix your home in Zion

Hymn 43

1 Union what a blessed sound
 It makes our spirits leap
 Because we have this treasure found
 And will forever keep
 Its blessed power doth give us strength
 To walk the happy road
 And safely lands our souls at length
 In union with our God

2 Both heaven give a richer grace
 To mortals here on earth
 Then union which will still increase
 To love and gospel mirth
 All carnal pleasure sink and fall
 Where gospel union shines
 And never more shall rise at all
 In lovely gospel minds

3 Come let us labor to increase
 This pearl of greater prize
 Which strengthen every other grace
 And makes us truly wise
 Now wisdom may her power display
 And guide our souls along
 But union what we all must say
 Dath surely make us strong

4 Heaven itself is founded on
The strength of unions power
Then let us boldly travel on
In union every hour
Eternal wisdom laid the plan
To save the fallen race
By two that now in union stands
Dispensing heavenly grace

5
The whole creation now my try
To boast of greater bliss
But we do know there is no joy
That ever equald this
For peace and union rival all
That ever yet was given
To any creature since the fall
For they complete our heaven

- 1 Now in this great and latter day
 How are the tribes of God to pray
 Is there not some appointed way
 To vent the souls desire
 The holy ghost in the contrite
 The prayers of saints do still indite
 And when in her our souls unite
 Will bring the heavenly fire.
- 2 Now on this consecrated land
 Let every tribe in order stand
 United in one solid band
 For prayer and supplication
 Let every honest Israelite
 With fervent zeal and true delight
 Send on their cries by day and night
 Towards the holy station

3 Now one good spirit in one tone
 Ascending freely to the throne
 That holy spirit God will own
 Where he is manifested
 And to fulfil his high command
 The hosts of heaven ready stand
 To see that every praying band
 Be safe and unmolested

4 Now form your band ye royal seed
 United to one common lead
 And let the breath of prayer proceed
 From every habitation
 In perfect harmony unite
 And cry to God both day and night
 He, ll put the hosts of hell to flight
 And crown us with salvation

1111

5 For precious youth the gospel are
O who would not unite prayer
That God would break up every snare
And save them from destruction
That every filthy carnal mind
The power of God may truly bind
And precious youth protection find
To follow their instruction

Hymn. 115.

1 Young David had a call
To supplant wicked Saul
But was forced for a season
To fly from his wrath
He wander'd for a while
In a state of exile
And was greatly afraid
Of the king of Gath

2

His conduct he chang'd
 And behaved very strange
 For a person reputed
 So noble and great
 Can this be the Prince
 That they praised in the dance
 Now spitting and scrabbling
 Upon the gate

3

While his conduct they view'd
 They might safely conclude
 From a mad man or fool
 They had nothing to fear
 When he took out his play
 They convey'd him away
 And then to the desert
 Away he did steer

41 While in the wilderness
All that were in distress
The discontented and
Such as were in debt
To David they fled
As their captain and head
And he gladly received
All the souls he could get

5

At first he did command
A little moving band
Who were highly esteemed
By the nations around
With these he could hide
In the wilderness wide
And when closely pursued
Could never be found

6 Tho his trials were great
He did patiently wait
Till the old persecuter
Had run his race
And when bloody Saul
In the battle did fall
Then David came forth
And obtained his place

7 This earth was decreed
For Christ and his seed
Tho his kingdom like Davids
Appears little worth
Yet we know it has began
And will certainly go on
Till it utterly supplants
All the kingdoms of ^{the} earth

8 The wicked may gaze
 At his worship and ways
 To the greatest confusion
 That ever was seen
 Their objections are great
 But we wish them to wait
 And they know by and by
 What the shakers do mean

9 Antichrist and his train
 Have been suffered to reign
 But a law has commenced
 That will soon stop his mirth
 Men of reason and of light
 Are determin'd to fight
 Till his old superstition
 Is drove from the earth

10 May the battle increase
 Our souls are at peace
 We are happily secured
 From their dire alarms
 We may dance we may sing
 For the Lord will be King
 When this old generation
 Have grounded their arms

Hymn n. 46.

1 The gospel clear as noon day
 From England to America
 On Eagles wings did soar away
 Unto the place appointed

2 Then came to pass the Prophet say
 My church I will convey
 The wilderness shall be her stay
 Untill the time appointed

120

3 And when the time was fully come
Sweet as the rays of morning sun
The gospel fire began to run
Which brought on Satans trials

4 From Waterloot that blessed seat
From thence the law ~~now~~ went forth to ^{Great}
With the last trump for to repeat
Salvation found in Lion

5 Then consternation siezes all
They see their tower must surely fall
The great the mighty and tall
Begins to quake and quiver

6 Thess unto whom the word did come
Thus it was the eternal son
Receive the kingdom as his own
Whose kingdom stands forever

7 Lebanon's vally spread in sight
 With doors of hope dispels the night
 And thousands brings deeds to light
 And wash in the pure river

8 Like pentecost new scenes unfold
 With tongues and signs as Jesus told
 The gifts of God more rich than gold
 Had every true believer

9 This was not in a corner done
 But spread towards the rising sun
 The glory of New Lebanon
 Which God had first prepared

10 From Lebanon to wards the east
 With beams of burning light increas

122

And thousands called to the feast
O hidden manna sheared

11
Those who the gospel call obey,
They felt a sure foundation laid
Where one the faithful never strays,
Nor can they be mistaken

12
The work which God had promised long
Had now appeared ^{with} seal so strong
His verified with a new song
With dancing and with shaking

13
Some twist and turn and back they start
With idols fixed in their heart
They hated from their lust to part
So call the work delusion

14 Now void of sense how God will break
The proud the haughty and the great
And once more cry out ye mischief makers
Ye shakers make confusion

15

Lo in their rage they turn away
And never think what God did say
That shaking in the latter day
Shall sieze all earthly heaven

16

The little stone is now cut out
The trump of God sounds with a shout
Awake thou sluggard and come out
And have thy sins forgiven

17

O glorious resurrection day
The mountains skip the hills do play

124

The islands to have fled away
And waters back are driven

18

Hale nations hale the great Iam
That's pled his kingdom now in man
The virgins followers of the Larnel
Have found their seat in Lion

Hymn 47

1 A paradise of pure delight
A church redeemed from sin
The honest soul does now unite
But shall the Beast get in
eth' the ^{best} the nasty beast
His stink I cannot bear
He came from hell I hate his smell
We will not have him here

2 To virgins souls he is a foe
 But loves a stinking whore
 With one consent we bid him go
 And show his head no more
 Ah! the beast the nasty beast.
 His stink I cannot bear
 He came from hell I hate his smell
 We will not have here

3 The gifts of God he cannot keep
 But must have his own will
 At home abroad awake asleep
 He never can be still
 Ah! the beast the nasty beast
 His stink I cannot bear
 He came from hell I hate his smell
 We will not have him here

4 He'll promise to be verry good
She burning to avoid
And he can snatch the childrens food
But he shall be destroy'd
Ah! the beast the nasty beast
His stink I cannot bear
He came from hell I hate his smell
We will not have him here

5

Let all who the nasty beast
And the infernal whore
In this last battle now enlist
To ground our arms no more
Ah! the whore the nasty whore
I hate her nasty smell
But now we'll settle up the score
And she shall go to hell

6 Within the church lust shall not hide
 We'll drive the beast away
 And round the pure and lovely Bride
 Like lambs we'll skip and play
 O the Bride the lovely Bride
 Who did the subdue the beast
 The stinking flesh she cant abide
 And we may hate it too

Hymn 118.

1 Ye little children one and all
 I pray you listen to my call
 Your teachers love do them obey
 And put all that is wrong away
 2 If this my council you'll obey
 My love shall flow both night and day
 From that kind fountain that unseen
 That hates the flesh the man of sin

3 That blessed fountains open wide
 For purifying the inside
 To gather souls in peace and love
 And feed on blessings from above

4 No jarring words it will admit
 Nor empty vain or trifling wit
 But solid pure obedience
 For simple souls a sure defence

5 Come gather all your senses down
 And learn to walk this lower ground
 Let no one seek to bear such rule
 Or feel like master in the school

6 Ye precious souls be meek, and low
 This is the work ye have to do

Obej your teachers from the heart
From your own selfish way depeart

7
O then you, ll know what love doth meⁿ
That living fountain pure and clean
O love thou fountain all devine
In true obedience thou art mine

8
But stubborn souls that wont come down
No place for y will here be found
I can no longer stay with you
So now I bid you all adieu

Hymn. 49.

1 The burning day of to-morrow begun
Our natures to consume
The flesh ~~my~~ cries out in agony
It has begun to soon

2 The flesh may fret and sore complain
I will not hear the sound
For by that wicked evil crew
I our lay have been bound

3 I have set out my cross to bear
And every gift obey
If I am faithful in this work
I see a brighter day

4 My Father and my Mother too
Surely will obey
For they will teach me with delight
To walk the narrow way

5 I mean to stand on Lions hill
And hear that lovely sound

From the redeemed of the Lord
Salvation I have found

6 Come all ye honest faithful souls
That's willing to come down
Into that mortifying work
That latly is made known

7 For God will surley bless his works
And bless his labors too
Ye simple souls press through the crowd
And I will follow you

Hymn 50

1 In these latter years the bright Angel appears
And through heaven is taking his flight
With his banner unfurled crying woe to the world
It offences must come to the light

132

2 The devils come down and his rage doth abound
For short is the of his reign
Then woe to his crew for in haste they must do
Whatever dark works yet remain

3
Woe woe to the thief without any relief
He is sentenced in body and soul
To confess with his tongue and restore ^{every} ~~every~~
That he has robbed or stole

4
Woe woe to the lyar he is doom to the fire
Till all his dark lies is confes'd
Till he honestly tells what spirit of hell
Had its seat in his impious breast

5
Woe woe like a flood to the shedder of blood
His potion must be with the beast

From this horrible crime he can never in time
Have his wormeaten conscience releast

6

This woe has gone forth that will empty the earth
Of all its corruptable trash

This sentence comes last as a finishing blast
To all who live after the flesh

7

shall meet

When this woe is complete all the faithful
And shall sound the glad tidings abroad
Behold there are they who the gospel obey

And do keep the commandments of God

~~Come all ye honest hearted~~ Hymn 51

Come all ye honest hearted

1 That's willing to be free

From all these bands and fetters

That binds both you and me

2 Lets give up all thats sinful
And steer for Zion's land
Like brethren and good sisters
Go in one sollid band

3 And never look behind us
To Sodom's dismal plains
Where thick Egyptian darkness
And gloomy horrors reigns

4 But let us be obedient
And live in union here
And all that will be faithful
That death you need not fear

5 Our time is swiftly moving
New scenes we all must try

Adieu we'll bid to mortals
Our doom is all to die

C.

Our brethren and our sisters
That's gone that sollem road
I have been so many warnings
Prepare to meet thy God

Hymn 52.

1 While envy malice pride and rage
The wicked world do all engage
I'll seek to find a calm retreat
Beneath Jehovah awful feet
The tribulation makes me sigh
And floods of darkness roll so high
In his almighty arm I trust
The Satans fury on me burst

2 And the temptation roar so loud
 To fright my soul far off from God
 I will choose my cross to bear
 And trust my Father's tender care
 For sure the hand that brought me here
 Will never leave me in despair
 For certain as the gospel true
 My soul shall find a passage through

3 Tho you my body tease and vex
 And often times my soul perplex
 Like good old Daniel I shall be
 I'll worship God continually
 Prepare your lions stout and bold
 And bid them yell both young and old
 But God will break their wicked jaws
 And save his people from jaws

4
 Then let your furnace hotter blaze
 By spreading your infernal lies
 Your gloomy prisons cause no fright
 Nor dungeons dark as doleful night
 That God that saved three Hebrew sons
 From all the rage of Babylons
 Will safely guide his people through
 In spite of all that earth can do

5

I'll serve that God in whom I trust
 He'll save me from your rage and lust
 If not O ye infernal crew
 Unto your God I'll never bow
 O come companions let us move
 Lets labor for true peace and love
 Be of one heart one mind and soul
 And God will sure protect us all

1 Awake Oh! Babylon thy glory is gone
 Thy downfall is hastening and judgment is nigh
 The sound of thy going is heard from afar
 Awake Oh! Babylon prepare for war

2 Oh! Babylon thou mixture of all that is unclean
 Now all thy filthy actions begin to be seen
 The sound of thy going begins to draw near
 Awake Oh! Babylon for judgment prepare

3 Oh! Babylon thy children are base & unclean
 Old mystery Babylon productions are seen
 The Lord of the heavens appear in his cloud
 Awake Oh! Babylon to fight with the Lord

4 The heavens are shaking at his mighty word
 The earth is quaking for fear of the sword

Which issues from his mouth against the breast
For down comes Babylon to rise no more

5

Awake O! Lion thou city of God
Rejoice over Babylon and her nasty brood
The smoke of her burning is rising so high
For down she must tumble for ever to lie

Hymn 5th

Rights of Conscience.

1. Rights of conscience in these days,
We demand our solemn praise;
Here we see what God has done,
By his servant Washington,
Who with wisdom was endow'd
By an angel through the cloud,
And led forth, in Wisdom's plan,
To secure the rights of man.

2 Arm yourselves, unsheath the sword!
 (cries this servant of the Lord,)
 Rights of freedom we'll maintain,
 And our independence gain."
 Fleets and armies he withstood,
 In the strength of Jeshu's God;
 Proud Cornwallis and Burgoyne,
 With their armies soon resign.

3 Thus the valiant conqueror stood
 To defend his country's good,
 Till a treaty he confirms,
 Setting peace on his own terms.
 Having clos'd these warlike scenes,
 Chosen men he ^{then} convenes;
 There a constitution plan'd,
 To protect this ransom'd land

4 Prince of all the hosts he stands,
 Keeps the helm in his own hands,
 Till a law stands to declare,
 Bind the conscience if you dare!
 Then he spreads the eagles wings,
 Signs of freedom on all things,
 Form'd an order to his mind,
 Bless the earth and then resign'd

5
 When by precept he had shown
 What kind heaven had made know,
 By example aids the cause,
 Forms his own domestic laws,
 Breaks the yoke at his own door,
 Clothes the naked, feeds the poor,
 Bondage from his house he hurl'd,
 Freed his slaves and left the world.

1112

6 Cyrus like was Washington
Call'd to do what he has done;
We his nable act record,
Tho' he did not know the Lord:
As a prudent man of blood,
The the hosts of earth withstood;
Natures rights he did restore,
God from him requir'd no more.

7 Now we'll swell the joyful news,
With the glory that ensues;
God, thro' Christ, did then begin
To attack the man of sin;
By a woman struck the blow,
Broke the battle and the bow,
'Tnd in flaming fire reveal'd
What the beast had long conceal'd.

8 carnal swords are laid aside,
Every fleshly lust deny'd;
Each one seeks his neighbour's good,
No more shed, each others blood.

Let the eyes of priests and kings
View the eagle's spreading wings;
There are to the woman given,
Guard the place where she is driven.

9 Now the dragon's hosts may rage,
His black bands of priests engage;
While of freedom's still he roars,
Till his subjects are his slaves,
As his messengers, they rise,
Forge and spread his scandalous lies,
Spew at us his foaming flood;
Yet they dare not spill our blood.

10 Mighty Christians, stout and bold,
 Full of lust as you can hold,
 Fighting for religious rights!
 God has notic'd all such fights;
 Still your souls are not releas'd,
 Bound by sin and wicked priests;
 Tho your country has been sav'd,
 You in bondage are enslav'd

11 With ~~all~~ this you're not content,
 Still on bondage you are bent,
 Binding the poor negro too,
 He must be a slave to you.
 Yet of Washington you boast,
 Spread his fame thro, every coast,
 Bury him with great ado,
 Precepts and example too!

12 Did you think in seventy five,
 When the states were all alive,
 When they died for freedom sue,
 God was deaf and blind like you?
 You were fighting on one side,
 To build up your lust and pride;
 God was bringing in a better plan,
 To defeat the pride of man

13

Liberty is but a sound,
 If the conscience still is bound;
 Could you but her reigns controls,
 You would creed-bind every soul.
 You and when we say 'tis you,
 We've no respect to Greek or Jew;
 But boldly tell you that we mean,
 Your vile church that lives in sin.

1116

114 Now we mean to let you know,
We've not treated freedom so;
Since God's Kingdom has come in
We find freedom from all sin
O ye priests bound souls come out
Help us raise the living shout
Never heed your former stuff
You have prov'd it long enough.

115 See the womans seed advance,
Glorious in Emmanuel dance!
At this strange victorious play,
Earth and heavens flee away;
Swift as lightning see them move,
Labouring in unfaigⁿd love:
God thro' Mother we adore,
Haste the flesh and sin no more.

Make thy garden grow 147

1 Descend, thou soul refining power
Thou art 55
Most blest anointing flow
Lord send a sweet reviving showers
And make thy garden grow

2 Give life thou soul refreshing breeze
Come fan thy vineyard fair
That every branch among thy trees
Some precious fruit might bear

3 This is the vineyard of the Lord
Good fruit does much abound
The wine will make our voices chord
In sweet harmonious sound

4 Our Fathers hand has set the vine
And Mother dress'd the same

Their children drink the pleasant wine
And bless their Parents' name

5
How can a thirsty soul decline
Or make the least delay
Return and cultivate your vine
Be faithful while you may

6
Why stand you gazing at the scene
Come let your candle shine
This feast is made by Lions' Queen
Come taste the heavenly wine

7
It is a lovely sight beside
To see the blooming youth
 forsaking every thing impure
And serving God in truth

8, His joy to see them so engag'd
I love to hear them claim
To hear them own their parentage
Pronouncing Mother name

9
I love to hear them sound the truth
And in the work improve
How Mother does such children soothe
And nurse them with the same

10
Gird on your helmet sword and shield
And on your way progress
Before you lies a fruitful field
Behind a wilderness

11
Press on press on your way with speed
And never look behind

150

A crown hangs ready for your heads
A kingdom you shall find

12

A blessed work before us lies
And ^{for} Father has in store
A crown of life the richest prize
That children ever wore

Hymn 56.

1 The name of Herod signifies
The glory of the skin
But Christ the anointed purifies
The living soul from sin
Thus Christ and Herod ^{clash} plainly
And different points uphold
The one contending for the flesh
The other for the soul

2 The fray which Christ did first ^{come} ^{me}
 About old Herod's wife
 Depart say they and get thee hence
 Or he will take thy life
 The Baptist had already fell
 Beneath his fatal blow
 But all his threats could not compel
 The Nazarene to go

3

His answer was Go tell that fox
 That I have cures to do
 And I shall keep my present walk
 Till I have travel'd through
 My walk on earth shall not be void
 But I shall reign within
 When gnawing worms have destroy'd
 The glory of skin

4 This subtle fox now grown grey with age
 Continues his command
 And threatens us with cruel rage
 Unless we quit the land
 But tho' in number we are few
 We mean to turn the chase
 For God has many cures to do
 Among the fallen race

5

He has salvation to present
 To all souls of men
 And if the fox dont love sent
 Thers welcome to his den
 But if his rage should fly abroad
 And hunters get the smell
 Those civil ordain'd of God
 Will chase him into hell

6 The life of Christ we will adore
 And love as we are taught
 The Herod with his men of war
 Should set truth at naught
 We'll travel on in peace and love
 And keep our souls from sin
 And seek a glory far above
 The glory of the skin

Hymn 57.

I'll begin
 Hear my song on the glory of Zion
 And tell the inquirer what makes me to sing
 'Tis because I have found what at length has appear^d
 A church on the earth where Emmanuel is King
 Where he reigns in his glory the queen of his pleasur^e
 The kingdom and power he hath preached forever
 And now is the time he hath come to deliver
 And they that are with him are faithful and true

15th

2nd Tho the journey was long as he once intimated
This country was far from a blood guilty where
Yet the time being come that the Father appointed
Hers come to his temple to leave it no more
And now we're built on the last revelation
Receiving his kingdom in strength and salvation
And here we have found our eternal relation
To God and the Lamb hallalulah amen

3rd Now the old man awakes from his drunken delusioⁿ
And cries out alas the deceivers are here
You old drunken priests this is what you've ben ^{ding} ^{res}
I'll come like a thief I'll come like a mare
And now you are taken your house shall be broken
For strong is the Lord by which this was spoken
You need not to look for a sign or a token
I'll cut you asunder and cast you away

4 So arms cries the shepherds of old bloody Leien
 We'll warn all the people to flee from the sword
 Ye drunkards of Ebraighm your lusts have deceived ^{if you}
 Ye cannot escape the sword of the Lord
 And you and your flock shall be broken asunder
 'Tis that mighty word that is roaring like thunder
 And you and your people shall perish and wonder
 And your bloody walls shall come tumbling down

5

Your ^{are} old in your witchcrafts bloodsed and whoredom
 You always have the light that was new
 You have killed the just who have strove to retain ^{it}
 And made him like sinners companions with you
 And now your destruction is come to perfection
 Your old rusty creeds and your fatal election
 With your carnal hopes of a flesh resurrection
 Shall go ^{with} to the pit to the pit whence he came

6 Come ye afflicted come out from among them
 And leave all your fleshly connection behind
 You must hate all the garments of this generation
 If ever you mean your redemption to find
 Come away to the mountain that our parents erected
 There you will find rest and be safely protected
 Where thousand of souls already collected
 And sing the sweet anthems of new heavens joy

Hymn 58

1 This solemn sound what can it be
 It is the trump of jubilee
 Lo! Christ is come on earth he reigns
 Ye captive souls break off your chains
 2 The Lord is come behold the signs
 The morning light how bright it shines
 And the wild savage from afar
 All ready sees the morning star

3 Let bloody wars forever cease
The nations round ^{are} now for peace
And here the warlike Indian chief
Comes flying with an olive leaf

4 The rising sun how bright and clear
Here all the works of man appear
And all who love the opening day
May put every evil work away

5 Poor drunkards swearers liars thieves
Now on the son of God believe
Their sins confess their wrongs they right
And walk as children of the light

6 The foul the filthy and obscene
May wash their garments white and clean

6 Take up their cross meek as a child
 And keep their conscience undefil'd

7

The lawyer now may take his rest
 We have law within our breasts
 While all unite like peaceful doves
 Each as himself his neighbor love

8

The work of Christ has here began
 Imperfect love to God in man
 These cords of love how strong they draw
 Believers want no other law

9

All tho' the work appears so strange
 Its subjects show a happy change
 And when you see the fruit they bear
 Call them deceivers if you dare

10 These precious fruits will stand the test
 Since Christ is by his saints possess'd
 And all the world will have to say
 This is the great and last display
 Hymn 59.

1 It now appears beyond a doubt
 Some hellish plot is laid
 And wicked spirits have gone out
 Our comforts to invade

2 But Michael and his shining hosts
 Appears with sword in hand
 Determin'd they will clear the coasts
 Of satan's wicked band

3 Will any be on satan's side
 No, let the devils go

6 But fix a place for them to hide
Where they may shun the blow

4 Come honest souls lets raise the shout
And with one voice declare
That every Devil shall go out
And find no quarters here

5 We will stand open in the light
Our parents we'll obey
And if in this we all unite
There can no devil say

6 And those who with the evil scream
And carry on the plot
Will find before they close the scene
This place will be too hot

1 Two trumpets were appointed
In the Mosaical light
To show the dispensation
That was then out of sight
When the first trumpet sounded
The slaves were all released
The second call'd the wanderers
Up to the marriage feast

2 The antetype commenced
When first the Lord began
To sound the blessed gospel
By the shrill voice of man
But now the gathering trumpet
The female sound comes on
And all who choose salvation
Are gathered into one

3 If Jubal means a racer
 Or one that wins the palm
 Pray who shall run to Zion
 And first recall the Lamb
 The first in the transgression
 Must surely first be free
 Then let the last loud trumpet
 Be call'd the Jubilee

4 When Christ again descended
 And Angels gave the call
 How many racers started
 But one outran them all
 And in celestial glory
 From all corruption free
 They sound the invitation
 The last great Jubilee

5 The sound of this shrill trumpet
Is no uncertain blast
The same delight in bondage
And wish it still to last
Born in the night of darkness
They hate the gospel sun
And hope their night of darkness
Is only just begun

6 The antichristians power
Has not sprung up of late
If they will read the scriptures
They'll plainly see the date
With all their great objection
We mean to let them know
That Christ made appearance
Full sixty years ago

1664

1 The like was not revealed
Since Adam knew his wife
No such a high way opened
To everlasting life
Ye poor oppressed captives
The joyful day appears
Rise and assert your freedom
And wipe away your tears

2 Shall the vain ties of nature
Ye ^{our} trembling spirits bind
Just fix your eyes on Tim
And never look behind
The prize is now before you
The Kings high way is free
O what a full releasment
A blessed jubilee

1 I am determin'd now for one
I will not be impos'd upon
I have set out my crop to bear
And free my soul from every snare
They need no more present to me
The fruits of the forbidden tree
For God's commands I will obey
And put all filthy lust away

2 I'll give the stinking flesh no room
Whatever form it may assume
She in a drop the most refined
My faith and sense it shall not bind
No charming word nor winning smile
That would my soul the least beguile
Shall ever twist me here or there
From that full crop I mean to bear

3 To keep my faith I will be blunt
 And if the flesh takes any affront
 I shall the sooner be releast
 From that which goes to feed the beast
 With all such souls I will be free
 Who hate the beastly (whorish) part of me
 Whose faith is like a butchers knife
 To keep him (her) from the tree of life

4 I love the sisters (brethren) to be sure
 But with that love that live so pure
 That if one lustful breath they blow
 I feel it's time for me to go
 And as in both the flesh is curst
 I'll not contend which is the worst -
 But I shall mind my steering overcast
 To shun the vortex of the whore (beast)

1 While outward enjoyments our senses corrupt
How pleasant the seasons do roll
But times of affliction and outward distress
Are often times best for the soul
Yet on such occasions the devil will try
Our safety in question to call
But one thing is certain the lower we lie
The less we're exposed to fall

2 Upon these high places of pleasure and ease
Salvation did never yet grow
The richest plantations and fruit bearing ^{trees}
Are down in the vally below
So every fruit bearer of heavenly bliss
Has got to be mortified down
And through tribulation and suffering ^{trials} to
Before they inherit the crown

3 If hopes and crosses be heavens high way
 To treasures of glory and peace
 Then my poor old nature I earnestly pray
 Your troubles may daily increase
 Then let the low vally be ever my choice
 And suffering my constant manure
 And then in the spirit I'll truly rejoice
 From motives substantial and pure

Hymn n^o 63.

1 The fire from Mount. Zion
 Is spreading o're the land
 A spark just from the altar
 Lodg'd at the Yellow Springs
 It caught upon some females
 Convicted them of their loss
 Taught them to bring their deeds to light
 And then how to bear their cross

2 convicted of that nature
By which they had been led
And brought ^{to} light old actions
Which had been laying dead
Their work is now confessing
How wicked they have done
In this gospel of salvation
Their work is just begun

3 The union of Gods spirit
Is not confined here
It flows to all believers
Let them be here or there
And honest young believer
Their union soon can find
Confess their sins take up their crosses
And leave the world behind

4 Come good sisters bear your cross
 And in God's ^{work} ~~work~~ be bold
 As you overcome the wicked one
 The gospel will unfold
 We bid you welcome in our hearts
 Come on with ^{out} delay
 Take up your cross and come with us
 This is the gospel way

5 Deny thyself come follow Christ
 This is the way of life
 And in his steps there's ~~not~~ a trace
 Of husband or of wife
 If we are virgins pure for Christ
 His promise will unfold
 Which is eternal life to gain
 And here a hundred fold

6 Come on come on come on in haste
Come on this is the way
Don't look behind you come on
Come on again we say
God's love is free towards you all
It flows from every soul
This love is ^{Truly} wonderful
His purer than fine gold

A. Hymns.
1st

Come lovely virgins now arise
Prepare your lamps with oil secure
Be honest faithful firm and wise
Like valiant soldiers to endure.

We all must mount the foaming deep
Where billows never cease to roll
But all who Zion's course will keep
The waves and winds shall yet controul

2nd

Our trials here will soon be o'er
The wheels of time so swiftly play
So soon will land us on that shore
Where every tear is wiped away
All earthly joys we leave behind
And bid the world a long farewell
We look beyond the scenes of time

2.nd

With Angels spirits there to dwell.

2nd

Though darkning clouds are gathering round
And deathly features now appear
The valiant soul on zions ground
The gathering storms will never fear
For such shall rise on Angels wings
When time shall roll and roll away
And earthly joys and earthly things
Are sunk in silence and decay.

Dear Brethren and Sisters

Do receive do receive our love love

For we are the Angelic band

That sung and danced

Round Manchester fairs

When Mother good Mother was there.

3rd
Thanks to the Saviour.

1st

It shall be my aim to honor God's name
And build on the Chief Corner-stone;
I cannot forbear my thanks to declare,
Our Saviour has made his love known.

2nd

He held out his hand thro' his chosen band
And gather'd me into his flock:
Now all that was mine I freely resign,
To build on the most holy rock.

3rd

And now I'll progress in union and peace,
My cross I will faithfully bear
Until I have gained that mantle unstained
Which glorified spirits do wear.

4th

If I can progress this beautiful way,

What thanks to our Saviour belongs:
 I'll make it my care his love to declare
 And honor his name with the song.

A Farewell.

1 Good ^{My} Brethren and Sisters we bid you farewell
 I may you in safety return where you dwell
 We thank you for calling your love to impart
 We freely return ours united in heart.

2 ^{My} Perhaps we are parting to meet you no more
 Till we come together on that happy shore
 Where trouble where trials and warfare shall cease
 And pure love and union shall ever increase.

Love love my pretty little company —
 Love love and union drink ye together —

The Christians Warfare.

1 I'll bear my cross I will be free
 I'll war and fight for liberty
 This is my Captains high command
 So like a soldier I will stand.
 Through many a battle I have fought
 Where raging foes my ruin sought
 I'll draw my sword and fight again
 Till every enemy is slain.

2 We now are marching to the field
 Determined never more to yield
 Till every enemy is slain
 And we with Christ our Saviour reign.
 Come Brethren come, come Sisters come
 We joyfully are marching home
 So let the music loudly play
 Come on ye souls we'll gain the day.

6th
The Saviour's
universal Prayer.

Our Father who art in Heaven, Hallowed
be thy name. Thy kingdom come. Thy
will be done on earth as it is done in
Heaven. Give us this day our daily bread,
and forgive us our debts as we forgive our
debtors. Leave us not temptations but deliver
us from evil: for thine is the kingdom,
the glory and power forever more Amen.

1st

And again, O Heavenly Father,
Hear thy childrens humble cry,
How our earth thy wing doth hover
Bearing judgement from on high.
While thy justice stirs thy judgement
So thy mercy cries repent.

Help thy children heed thy warning
 By the prophet thou hast sent.

(2nd)

Open eyes that now are blinded;
 Unstop ears that now are deaf;
 Check the heady and high minded;
 To the sufferer give relief.
 Melt the heart that now is hardened;
 Loose the tongue that now is bound;
 To the humble pecker hearken;
 Let repentance flow around.

3rd

Bind the tongue that doth not praise thee;
 Clothe the forward soul with fear.
 Blow the trumpet and wake thy children;
 Call the Nations far and near.
 Fill the weak with holy power;
 Clothe the pure and bless the meek;

Let repentance like a shower,
 Change all souls thy way to keep.

4th

Hear a light to those enshrouded
 In the shades of sinful night;
 Let the day of grace be cloudless,
 That all Nations see thy light.
 Hear O hear Almighty Father,
 Those who ask in humble prayer:
 All who lean upon thy power,
 Make the objects of thy care.

Hear O hear what God doth say,
 Shake O shake, and no vain pretence
 dare to make, For God will search
 each soul within, and sweep his holy
 house from sin. New Lebanon.

9th
Volunteer Song.
1st

I will be free no slave I'll be
I'll war and fight for liberty
Enlisted here as Volunteer
On battle ground I'll never fear.
Though darkning clouds around me be
And death's grim shroud around me shake
My Father's weapons I will wield
They always prove his Child a Shield.
In the kingdom ^{2^d} to obtain a seat
With foes we must expect to meet
So freely I have waged war
Against the foe I so abhor
So sharp and watchful I will be
On either side he will not flee
So resolutely I'll begin
Nor cease till victory I gain.

10th

The Blessed work of Faith.

1 O how I love this lovely way,
The way of self-denial!
With fervent zeal I ever pray
That I may stand the trial.
And from the world I do resolve
To keep my separation
And never more myself involve
In sin and condemnation.

2 And in the morning when I rise,
I'll spare myself for travel,
And take my cross which crucifies
The world the flesh and devil.
And when I've labored through the day,
And well performed my duty,
With heart at ease I dance and play.

In order life, and beauty.

And with a conscience bright and clear
 My peace is like a river!
 The Gospel does from every sin,
 My joyful soul deliver.
 And when at night I do retire
 My sleeping hours to measure
 My mind is free from base desires,
 And soothed with Heavenly pleasures

Thus saith the Lord I will destroy many
 People of every Nation in my fury and indignation
 I will smite them: If they will not abase them-
 selves and heed my voice my judgements shall
 roll and continue to roll Till I the Lord
 have purged the Land.

12th
Jesus our Savior's Welcome.

Lo the trumpet of the Lord is calling,
2 Welcome, welcome, welcome, thou holy
holy One.) Angels of peace bid thee
welcome. O enter into thy Father's glorious
kingdom. Thou art joyfully received.
There is a golden palace prepared for
thee to dwell. There are many Mansions
saith the Father: my whole possessions
thou shalt inherit all the glories of
Heaven I place within thy care.
2 The earth with all its vain boasting
splendor shall bow and come low to thee.)
thou art the King over the heavens and
earth. The shining seraphs and bright
hosts shall encircle thee throughout
the ages of eternity.

13th
St. Luke's Welcome
into Heaven.

Holy Angels, sound thy trumpet loudly;
2 I come forth come forth thou holy
Saint of God. I ye shining seraphs and
bright Angels, go and meet him, and
receive him; make him welcome to his
home.) 2 Hark hear them, sounding thro'
the heavens, welcome, welcome, welcome,
welcome, O thou holy Saint of God;
welcome to a holy seat in Heaven to a
holy seat in Heaven.

Now we will sing how thankful we be
That in Father's kingdom we do share.
Now we will dance skip and play
In our Mother's lovely way.

Encouragement.

Come little children let us not delay
 A simple band of music will cheer us on the way
 In songs so delightful we never can be still,
 But travel on the narrow way to Lions hill.
 Tho' we have to suffer, yet love will make us strong.
 So united together let us move along.
 It is a day of trial then faithful let us prove
 Till we stand in the regions of heavenly love.

Charming harpans together then will sing,
 In pretty songs of union we'll make the heavens ring
 From glory to glory eternally ascend
 And live upon the sweetest love that has no end
 Then let us be encouraged and meekly travel on
 For the kingdom of glory truly is begun,
 In every thing afflicting patiently endure,
 I will love one another forever more.

1 Come Brethren and Sisters let us learn to be wise
 That we may inherit the immortal prize
 For full compensation for all we endure
 Rich blessings of heavenly things are before.

2 The true heirs of Heaven are humble in mind
 And tender in feeling and loving and kind
 Their souls are replenished with dew from above
 They drink at one fountain the spirit of love.

3 The image of meekness upon them engraved
 With wisdom and beauty their way shall be paved
 The smile of good Angels from Heaven above
 Is hovering around like a mantle of love.

O give me more love more love and union
 Help me to labor for that overcoming power, charity

16th
The Spirit of Prayer.
18th

Lord give me the spirit of prayer
And wisdom to pray as I ought.
Endow me with patience to bear
Whatever may fall to my lot.

Lord clothe me with meekness and love,
And let me seem just what I am.
Descend thou Celestial Dove.
And make me as mild as a Lamb.

2.^d

Lord help me to purge out the dross,
And cleanse me from all that is wrong
And let me not shrink from the cross
Which doth to thy chosen belong
Let praise and thanksgiving abound,
And flow from my heart and my breath
That I in the way may be found

Which leads from the regions of death.

30

Let honesty virtue and peace,
 Be painted so deep in my heart,
 That when earths comfort do cease
 My treasure can never depart
 Let mercy and truth be my guide,
 And let me be honest and just;
 In oneness with Christ to abide,
 And share in the Heavenly rest.

31th

O Lord, keep me simple and low
 To walk in Humilitys vale
 Where peace, love and union will flow
 And blessings that never can fail:
 Thy favor O Lord I entreat:
 My spirit completely refine
 Lord let me be wise and discreet;
 Let peace and submission be mine.

Our Savior's Instruction.

Come brethren and sisters, let's follow our ^{dear} guide
 Our blessed redeemer, on whom we confide
 Who taught us our duty and opened the way
 That we might walk in it by night and by day
 He taught us each other to love and respect
 To dwell in communion in feelings connect
 And plainly did show us by washing the feet
 Of his true disciples our duty complete.

2.

He taught his disciples, he had them done
 To wash, and be cleansed and joined in one
 That they might be blessed with a part in his ^{love} grace
 And purged throughout every whit from disgrace
 When, in true obedience to his just command
 We'll gather together, we'll join heart in hand
 In washing of feet, so that we may be whole
 And cleansed from evil in body and soul.

Lion shall ^{1st} Be Free.

1st

How dissatisfaction will roll thro' the mind
Of those who are lovers of sin!

How happiness never for them was designed;

With judgment at length must roll in.

How long shall the wicked abide with the just?

O Heavens how long shall it be?

Shall Lion like Israel with Achan be curst
And never be wholly made free?

2nd

Shall those who continue to do their own will,

And give their profession the lie,

Go on a lost nature of lust to fulfill,

And all righteous counsel defy?

Shall those vile offenders continue secure?

The day is advancing along,

To try who is honest enough to endure

The work of a glorified throng.

3.rd

By the lamp of Mount Zion the wicked must flee
To some other region or place;

For they and righteous can never agree,
While running the true Gospel race.

As chaff by the fan from the wheat must be blown
So wickedness all must depart:

Before the true God or his Christ they have known,
Who dwells in the sin-hating heart.

4.th

But those who are loyal to Zion's great King,
For true independance may stand,

A soul undefiled a conscience that's clean,
Will ornament heavens pure band.

When lift up your heads ye afflicted and say.

The order of God is my shield;

So in the pure order of God I will stay,

21st

No other order I'll yield.

5th

My conscience shall witness I never will stray;
My Brethren and Sisters shall know
That I am determined to keep in the way;
For where or to whom shall I go?
In Zion are treasures which flow in rich streams
Where union and purity rise;
Then why should I hearken to satans base dreams,
Which are but deception and lies?

6th

The world is a scene of destruction and woe,
And all its amusements are vain.
Then why should I stoop to enjoyments so low,
Which end in affliction and pain?
The way to Mount Zion is certain and pure;
It is guarded by Angels with care;
And those who are faithful to keep themselves pure

Will find an inheritance there.

Little children never doubting,

Keep the straight and narrow track.

Singing, prasing, dancing, shouting,

Never, never looking back.

Look not to the plains of sodom

For her gates are in a flame.

Fire, far in the Mountain

Burning, burning endless shame.

No immortal soul can bear it,

Tho' so many enter there.

All who make their choice to share it,

Sink in horror black despair.

O ye children of our Mother,

Receive lovely little flock,

Sing and praise, and bless each other,

Who are founded on the rock.

3 Death nor hell, can never bind you,
 Sickness sorrow toil nor pain
 For the living Gospels proved you,
 Linked you in the Golden Chain.
 Crowns of everlasting glory.
 Shall be placed upon their heads
 Joy and triumph lies before you
 Who are rising from the dead.

I am happy to see my gospel friends
 To feel their love and union
 To share the blessings Heaven doth send
 To comfort Mother Children.

24th
A Prayer

My Help me to perse O Lord I pray
My The day in which I live
O strengthen me from day to day
My Thy love and thy blessing give
O grant thy saving power
In that soul trying hour
And establish my feet on the rock
My That when tempests round me roll
Safe in Mothers peaceful fold
I may dwell with thy little flock.

O Heavenly love O heavenly love
Its from above
I feel it rolling through me
My The heavenly host the heavenly host
Gave this blessing to me.

25th
My Father James Farewell.

My Farewell. O fare ye well,
Farewell in Mother's love,
Untill we meet again,
In Heaven far above.
And I will pray for you,
Wherever you may be,
If you continue true,
And dwell in liberty.

My Farewell loving friends, while we go on our way
And we hope we shall meet you in My Heaven
Farewell in love and peace
And our thanks will increase
For the blessings and love you have given.
See! farewell farewell farewell.

26.th
Heavenly Comfort.
1st

What Heavenly comfort Jehovah's allotted
For those who will faithfully bear the full cross:
Enrobed with salvation, a conscience unpolluted:
There's heavenly comfort devoid of remorse.
They've comfort in sorrow, in weeping and sighing
They've comfort in singing and dancing and mirth
They've comfort in living and comfort in dying:
They've comfort in heaven and comfort on earth.

2nd

It's heavenly comfort to follow our Saviour;
There's heavenly comfort in doing his will
There's heavenly comfort in Christ's love and favor
It's comfort and blessing the foe to repel;
It's Heavenly comfort to imitate Mother;
Sweet comfort we find to be little and low
It's Heavenly comfort to love one another;

27th

In union there's Heavenly comfort we know.

3rd

My There's comfort attached to deep tribulation
Because the true Comforter then will be nigh
My There's Heavenly comfort in regeneration.
He lives in the Spirit and let the flesh die
With comfort we feast on the Heavenly manna
My Tho some tribulation is mixed therein;
With Heavenly comfort well shout the praises
My When we are redeemed from the nature of sin.

Evening Farewell.

My Farewell my good friends, march forward in peace
We pray that your souls may forever increase
My Farewell my good friends, well part for the night
Will we meet in the morning with love and delight
My We pray that good Angels may guard you thro sleep
We pray that the Lord your spirits may keep.

28.th
The Bridle.

Reap and thresh O children
Of Zion for thy time
To break the bands asunder
And like the Angels shine,
To purge out every Idol
That sin may overcome
Likewise to gird the bridle
And rule the monster tongue.

The word of God is holy
And like a blazing torch
It will search the camps of Israel
And every sinner scorch
The word of God like thunder
Shall roar thro' zions plains
Till all who doubt and wonder
Shall sink beneath the flames.

29th
A Hymn Composed on the
Birth of Christ.

Good news of salvation the Saviour proclaimed,
From sin and from sorrow all souls to redeem.
Who're willing to make it their only free choice
To follow the Shepherd when they hear his voice,
Come out from the world, and forsake all its pleasures,
Leave Father and Mother and all earthly treasures;
Your crosses take up and deny yourselves too,
And eternal life is ensured to you.

2nd

In the regeneration he says follow me,
And not walk in darkness for now you may see.
For I am the light that the Father has given,
To open the way that leads safely to Heaven.
I come all ye weary and ye heavy laden;
For my yoke is easy and light is my burden.
Come then learn of me, for I am meek and low

30.th

And peace in your souls like a river shall flow.

3^d

Now all who desire salvation to find,

Must follow the precepts that Christ hath enjoined

Keep all the commandments, your enemies love;

And if any offend you must freely forgive.

But if thou would'st be perfect, then give to the poor

The naked and needy turn not from thy door.

Sell all that thou hast, and come, follow me

And a treasure in Heaven I'll give unto thee.

4.th

Our Saviour has plainly laid open the plan

That's for the redemption of poor fallen man:

The burden he bore and great suffering did feel,

To save the whole world from the torments of hell.

With the bitterest grief and with sorrow acquainted,

And like his dear Brethren he also was tempted.

The birds of the air have their nests and are fed;

31st

But the Saviour had not where to lay down his head

5th

How great was his kindness, and how great his care,
When he said to his followers I go to prepare
A place in the Heavens, a mansion above,
Where I will receive you with kindness and love:
Then let us with courage and meekness go on,
Untill with the Saviour completely we're one,
In that blessed kingdom where true comforts flow,
Where sorrow and sighing we never shall know.

6th

Now let us with patience our journey pursue,
If some tribulation we have to pass through;
And tho' we're despised fear not little flock;
If hell should oppose us we're safe on the rock
For God is the founder of this blessed plan;
If all else should fail, we know this will stand;
As Heaven his permanent solid and pure;

And all shall be saved who will but endure.

11th

O Brethren and Sisters what comfort we find
In leaving the world and its pleasures behind!
Yea we are rewarded for all that we've done;
Because we do feel that our Heavens begun.
This eternal substance which we do enjoy,
If we are but faithful no one can destroy;
And tho' marble pillars should moulder away
Our heavenly treasure will never decay.

Come brethren and Sisters let us be alive
In the work of God
For time is swiftly passing away
And now is our day to lay up a store
For our support and comfort
When time shall be no more.

Joy and Thanksgiving

This day we'll rejoice and unite together
 And praise God for sending Christ Jesus our ^{Savior}
 To open the way of salvation and love
 And make souls to shine as the Angels above
 This thought so transporting my zeal does increase
 And love to my Savior shall never decrease
 And now with the Angels we'll shout and we'll ^{sing}
 Hosanna, Hosanna to Jesus our King.

.....

Love love love love love love
 Mothers blessing and her love
 Is flowing free Is flowing free
 To every faithful soul.

34th
New Year Hymns.

We wish you a happy new year
Who for the true kingdom have started
Determined to still persevere
From such we will never be parted
No trials no sorrow or pain
From Mother's good children shall rend us
In truth we will ever remain
In love where naught shall offend us

O love is a comfort and joy
The gospel has for us secured
That nothing can destroy
Where all things are patiently endured
Pure wisdom O guide us along
In the valley of humiliation
That we in the Lord may be strong

While passing through deep tribulation

3 Our spirits rejoice in the light
 May this be a year of thanksgiving
 Of doing the things that are right
 True faithful obedient and living
 Yea precious indeed is our day
 Our time should be wisely redeemed
 Have life love and freedom we may
 We never should lightly esteem it.

4 But swiftly be marching along
 To faith our Father and Mother
 Pardon and forget every wrong
 Both in ourselves and in each other
 Be thankful for every new year
 Improving the time which is given
 Have sweet consolation while here.

36th

A treasure forever in Heaven.

I will sweep I will sweep I will sweep
my Zion Clean clean clean clean I will
sweep I will sweep I will sweep my Zion
clean clean clean clean When I will pour
out my spirit and my Son and my Daughters
shall prophesy, shout and sing with the
Lord and the Fountain of my blessing

come and drink come and drink very soul
at my Fountain with the Lord.

Given by Elder Nathaniel Dec 20th 1845. ehh.

The following Hymn was sung
at Elder Nathaniel Demings funeral
November 12th 1845.

- 1 A solemn scene unfolds to view
The long expected task
Our lovely Fathers travel'd thro'
His work is done at last.
- 2 This lovely Parent O how kind
How merciful and true
His pain and sufferings was resigned
Which pierced him thro' and thro'.
- 3 No feeling heart no tender mind
Can stop the falling tear
Altho' we feel to be resigned
And keep our union here.

4 We do not mourn as others do
 Who love their natural kin
 We feel his spirit ever new
 A substance here within.

5 His faithful minister of grace
 And truly meek and low
 Began his labors in this place
 More than fifty years ago.

6 His love and care extended wide
 He always blessed the meek
 The Lord and Lavoie was his guide
 Who taught his lips to speak.

7 He taught the solemn words of truth
 And left behind a track
 That hoary heads and blooming youth

Could find in him no lack.

& Farewell kind Parent now in peace
 We all must bid adieu.
 We pray our union may increase
 Till we have traiv'd thro:

I may no be willing
 And be reconciled.
 Our Saviour is calling
 Home his dear Child.
 The Angels are inviting
 Our Mother says come
 The Angels of glory
 Do welcome him home.

40th
My
Funeral Hymn.

1 Brethren and Sisters one and all
The time will shortly come
When we must hear the solemn call
To go to our long home.

2 Then let us all with patience strive
In goodness to increase
That when the solemn time arrives
We may depart in peace.

Thro' many trying scenes we've been
But let us never fear
These trying scenes will have an end
To pay our Parents dear.

3 Be faithful then a few days more

And we shall be released
 And safely reach that blessed shore
 Where comforts never cease.

O blessed loving dear sweet Friend
 Our Brother has gone to his eternal home
 Let us prepare to follow him
 Be righteous and be holy.

Ho ho ho good Mother Ann
 Now is preparing a beautiful crown
 For her lovely Friend
 Ho ho ho the Angels in Heaven
 do rejoice to see the price he has won.

42nd
A Funeral Anthem.

How blessed are the dead who die in the
Lord: for they shall rest from their
labors and their works do follow them
for they shall rest from their labors and
their works do follow them. Brethren
and Sisters we too must die we too must
die Let this a warning be to every age
and let us all prepare to meet this
solemn change and let us all prepare
to meet this solemn change.

A Prayer

O Lord we pray in mercy hear
Bless our departed brother dear
O may his soul be glorified
With those who in the Lord have died.

1 Our Sisters gone her work is done
 On earth she can no longer stay
 Bright Angels now are hovering round
 To bear her spirit home away
 To realms of everlasting day.

2 Then let us all be reconciled
 Since God has called his dear child home
 But let it serve to warn us all
 To be prepared for our long home
 When ere the solemn call may come
 City of Peace

Our Sisters gone which has so long
 Been panting here for breath
 Her race is run her work is done
 Her voice is left in Death.

Her sufferings here have been severe
 Till she the debt did pay
 And we shall all soon hear the call
 Come leave this house of clay.

Her heaving breast is now at rest
 Which we shall soon convey
 Unto the ground from whence it sprang
 There to dissolve away.

Her spirit gone to worlds unknown
 Be up while here below
 There to receive its bright abode
 Free from all pain and woe.

Mother says go on dear children
 Mother says rejoice rejoice. chorus.

The true Word of God.

My word saith God is going forth thro' every land and Coast
And with I have sent A bright Angelic host
Armed with my Almighty power To guard my sacred roll
Thro' every nation of the earth Around from pole to pole.
O rejoice rejoice

We will guard the sacred Roll.
The deaf shall hear, the dumb shall speak, And witness to my word
To holy Angels bright shall work such miracles.
Before the eyes of Priests and Kings And many Noblemen
My evidences I will bring. Saith God, amen amen.
O rejoice rejoice

We will guard the sacred Roll.

In love and union we'll rejoice
And praise our blessed Mother, Jesus.

Compound March.

See Zion arising in glory divine
 By the gospels rich treasure is here
 In heavenly beauty O how it doth shine
 The souls of the faithful to cheer
 In humiliation this treasure I'll seek
 That I may be sure to gain
 The beautiful crown that's laid up for the ^{meek}
 In heavenly mansions obtained.

O the beauty of the Gospel
 By here made known to fallen man
 Through our ever blessed Mother
 Who revived again the plan
 We are now partakers of
 This heavenly blessing free
 O my soul rejoice forever
 In thy glorious liberty.

Liberty is truly glorious
That is gained by the cross
All at last will prove victorious
Who have overcome their loss
We will then go on rejoicing
Serving God with all our might
Keeping daily in our duty
This we purely know is right.

O'er the billows of time I will walk with you
I will guide you o'er the sea of danger
And through the night of darkness I will be your guide
O my beloved children says Mother
And my hand of rich blessings I will stretch forth
Over the honest hearted the meek and the low
The upright and pure shall share of my
Love love says Mother.

The Pearl.

O Brethren and Sisters we must all
come down, and be humble and low
O we must all repent. O we must all
repent, yea repent of our sins. and lay
aside all pride and selfishness, or we
can never nay never enter the kingdom
of Heaven O Heavenly Father O
Heavenly Father we will come down,
yea we will come down, and be humble
and low low low and labour for the gospel.

Joy and Gladness.

O Holy holy zion, in thee I delight
to walk and in thee I will ever dwell,
saith the Lord. And I will bless, bless,
yea I will bless thee, O Zion, because
of thee inhabitants that dwell in thee.

And I will pour upon thee my holy
anointing oil of joy and gladness, O my
holy zion, because of the righteousness
of my people that dwelleth in thee.

This song was sung by the holy Sinner

Dec 15th 1841.

O Lord while here I stand
With thy holy heavenly land
My heart and soul shall wholly be
Devoted to praise and worship thee.
~~now under mine own~~

1 O Brethren if you're faithful
 You shall be filled with love
 With precious heavenly union
 With blessings from above.
 With love that's pure and holy
 With love that's clean and white
 With love that's filled with glory
 This love is our delight.

2 The storms of tribulation
 May daily round you roll
 And many sore temptations
 May wound your weary soul
 Tho' the waters are a foaming
 Tho' the billows loudly roar
 O Brethren be not daunted
 You'll reach that happy shore.

An Acroptic.

1 Erect is the standard I have taken for my guide
Light and bright is the way by which I am led
Directed by the star of wisdom and virtue I find
Enthroned upon an Altar of spiritual mind.
Relying on strength from a holy clime above
Eternal wisdom I seek redemption and love
Living by faith and by faith I plainly see
In Heaven there is a Mansion & home prepared for me

2 Solid and sure is the foundation now built
Holiness holiness to the Lord imperish'd upon it
Around the holy sanctuary my soul is safely led
And by permission of Christ the Saviour I am fed
Lovely is the place adorned with brilliant light
Leads to the way of God and in it I take delight
Encircled with bright spirits and with them I'm combined

Never to change my relation but keep it pure this time.

While on times troubled seas I sail
 Fear not my beloved *pa lin pa da more*
 For I'll guide your bark with a pleasant gale
 And land you on fair Cannains shore
 There there you shall join in pleasant devotion
 With those who have gone before
 And the sorrow of earth
 Shall reach you no more.

Place not your heart on things below
 The time will shortly come
 When you will all be call'd to go
 To your eternal home.

Sweet Conviction.

1st Come sweet conviction reign in me
 Spare not thy chastening rod
 Forsake me not lest I forget
 The precious way of God.
 Conviction is the Father's gift
 To mortals here below
 Shows them the wretched state therein
 Exposed to endless woe.

2^d Confessing is a glorious work
 It makes the Angels sing
 To see a soul on fire with truth
 Exposing every sin.
 This is the precious gift of God
 It stains all human pride
 It drives the Devil from the soul
 Leaves him no place to hide.

3 For taking is the richest gift
 It is the power of God
 It turns the sinner short about
 Into the heavenly road.
 This is the resurrection power
 That God has freely given
 It frees the soul from every lust
 And leads it on to Heaven.

4 O sacred truth come dwell with me
 And make me strong to fight
 The Devil and his wicked host
 In darkest hours of night
 Help me to cleanse my vessel pure
 From all impurity;
 That I may stand before thy throne
 From all pollutions free.

5 O thankfulness come fill my soul;
 That I may truly hate,
 The filthy state of fallen man
 And all his deeds forsake.
 Help me to hate my nature base
 Which God will never own
 Nor can it be conformed at all
 To his beloved Son.

6 O help my soul Almighty God
 Through Christ thy precious Son
 That I may honestly repent
 Of every sin or wrong.
 Help me to find new life and grace
 And in obedience shine
 And all the praise and glory shall
 Forever more be thine.

Ps 56th
The Believer's Warfare.

1 We have enlisted for to fight
And flee from darkness into light
And fight the world and Devil to
And on our journey will pursue
If we go on as we've begun
And every evil strive to shun
Then God will bless us here below
And give us garments white as snow.

2 Our garments all are very new
Not mixt with old nor old with new
The old it must be done away
The new takes place in this last day
We will pursue the Heavenly prize
Which God has treasured for the wise
In taking up a daily cross

And laboring out of every loss

3 We have for rock that house on sand
Which we did build with carnal hands
And bid the world and flesh adieu
And on the rock have built anew
That rock which we have built upon
Is Christ the heavenly bride and groom
Our rock is firm our house is strong
Not rain nor winds can beat it down.

4 An ark of safety here we find
Which keeps us safe from satans ground
An ark which is not built with hands
But in the Heavens it doth stand
If we do keep within this ark
We shall be safe from every shark
That do the Devils ways pursue

But to them all we'll bid adieu.

We will be thankful for this day
 In which we've found the blessed way
 In which the wicked cannot find
 Untill they do leave sin behind
 We have received an hundred fold
 According to what Jesus told
 By leaving of all sin and strife
 He's promised us eternal life.

I am a free volunteer; I have listed under
 The Banner of Christ And I am no
 more a slave unto sin // And I will not retreat,
 And I will not retreat, for I am no more a
 slave unto sin, And I am no more a slave unto sin

 I weep for thee? Holy Angel holy holy Angel

 caves of the mountains as the Prophets predicted
 For ye have slain my prophets with the sword;
 the disciples ye have martyred, And now saith

 my hand to give unto you the reward of your doings
 So now saith the Lord of hosts I say go ye up go ye up and

Why this weight this heavy pressure
Bearing down my feeble mind?

Why these trials out of measure!
When shall I release find?

Lord in mercy hold my spirit?

Keep me lest I should despair;

What's my crime or my demerit;

That I must these trials bear.

2nd

Be my guide O Lord Jehovah!

Never leave me in the dark:

Threatning clouds are rolling over
Spare O spare my feeble bark!

O my soul reflect consider!

Do not murmur nor complain:

All these things may work together.

For thy everlasting gain.
3rd

Lord, thy way is just and equal:
 'Tis to purge away some dross;
 I shall find it in the sequel,
 Give me patience with the cross.
 Think of think of Jesus;
 What our precious parents love.
 Tribulation often frees us
 From the world's delusive snare.

Take no thought about the morrow
 What a friendly caution this!
 Why should I affliction borrow
 And my present comfort miss?
 For to morrow may bring comfort
 And releasement unto me.
 Rise my soul arise triumphant;

There are blessings yet for thee.

5th

Is pleasure fame nor honor,
 Nor for riches that I sue;
 Only for some peaceful corner
 With thee poor despised few.
 I can see the rising glory;
 I can prophecy and show
 How the city pure and holy
 Will increase and spread and grow.

6th

But for me there's tribulation
 And affliction night and day.
 May it work for my salvation;
 O my God I beg it may!
 Give me courage like a Lion,
 That I may the truth assert:
 For the welfare of Mount Zion

Lies the nearest to my heart.

O Christ is my standard, my shield and my rock
 Where I am rejoicing with his little flock
 My Mother does lead me through vallies of love
 There I can converse with the Heavenly Dove.

I'm filled with wisdom, with power and might
 My clothing is meekness; tis spotless and white
 Where I am regaling on this happy shore
 O Lord I'll adore thee henceforth ever more.

O come O come unto me all ye that are weary
 and heavy laden and I will give you rest.

My arms are open my wings extended to
 receive my faithful children who have borne
 the cross through time. These with the Father
 are mine.

Gloom, the soul in darkest night.

O my soul rejoice forever;
 Thou hast given unto me
 O my God O may I never
 Cease to praise thee while I've breath;
 Vestal robes of love and beauty
 Thou hast given unto me:
 Mother, God it is my duty
 Evermore to worship thee.

To my soul thy way is sweeter
 Than the honey in the comb
 But it grinds my carnal nature
 To the marrow in the bone
 Yet it brings me joy and comfort
 Feeds my soul and sets it free

Wolves among Sheep.

1st

Let the young and the old now leave to the fold

The wolves are all howling around.

But our Shepherd is here let us all gather near

Determined to stand on the ground.

Tho' their barking we hear, yet we will not fear

The Sheep are not injured we know.

If the wolves make theirout, then let them jump. ^(out)

We chide that such creatures should go.

2nd

When these wolves are away like wild beasts of prey

They make the most dreadful alarm.

But the faithful of choice will stay and rejoice

The sheep have received no harm.

Tho' these wolves we suppose appeared in sheep's clothes

So passed along with the rest.

Yet the good Shepherd's voice was never their choice

And therefore they could not be blest.

3rd

Let the faithful be strong and travel along
And leave all the rubbish behind

Tho' the Lions do roar behind and before
Their howlings we never will mind

For our Shepherd is true, and we will pursue

His footsteps we safely may travel;

He has fountains and springs and many good things
With which all the faithful are fed.

1st

Let the Sheep be content to stay in the tent
For this is a peaceable home.

But the Goat that wont stay may try his own way
Deceiters are welcome to roam.

Let them take to their heels and see how it feels

To rove in the Devil's broad way.

Let them sell their birthrights for carnal delights

11th
We want no such creatures to stay.

1st
Come Brethren and Sisters in union we'll meet
And strive who will be the most humblest meet
That we may increase in union and love
And strengthen each other while forward we move

2nd
How blessed the prospect before us that lies,
When we have got rid of our own carnal ways
Then we shall have nothing to do but to love
And sing of redemption in Heavens above.

3rd
Then let us press on for the prize and the mark
That we may be seated in the Gospel Ark
Then in one great meeting we all shall unite
Surrounded by union pure love and delight.

We bless our Lord and Saviour
Our Shepherd and our lead
Who with his heavenly bounty
Our needy souls doth feed.
He leads to the fountain
Where living waters flow
And we will drink our fill
At the fountain where we go.

73rd
The pure way of God.

The pure way of God I ever will keep
In this spacious field of the Lord I will reap
I'll gain this bright treasure I'll gather a store
That never will fail me when time is no more.

2

This treasure worth gaining and I will be wise
That I may inherit this immortal prize
I'll be more watchful more lowly in mind
That I in the Heavens a mansion may find.

Awake awake ye poor and blinded souls
And hear the trumpet calling
Strait, strait, strait is the path and
narrow is the road that leads to God.

The Cup of Affliction.

I sounded forth my Maker's praise.
But since those days I've found a cup

2nd
O let me not perplexed be
With all those things that come on me;
For I am going on yonder shore,
Where I shall sigh and mourn no more.

3rd

While in the arms of his love.
Then in sweet union I shall sing
The song of Moses and the Lamb.

The Narrow Way.

In union pure my soul delights
My soul in love with truth unites
My parents dear I do obey.
And love the little narrow way.

2

In meekness faith and lowliness
I in this pretty way progress
Delighted with the good I find
So pure, so lovely and refined

3

Sweet fruits of holiness abound
On Mother's consecrated ground
And crystal streams of water flow
Which cause these precious fruits to grow.

4

In lovely robes of shining white

Firm'd by our selves in doing right
 We'll walk together in the road
 That leads to Mother Christ and God.

I will pass and repass through thy tents,
 O Israel view and review thy borders;
 I will turn and turn and overturn thee.
 Till thou art beautiful with Jehovah.
 Thy walls shall be strength, thy gates
 shall be praised; thy streets shall be ho ho
 ho holy: no more shall the vain hippoboean
 swell in safety, with Jehovah.

I'm marching to mount Zion's city
 City of the living God, *chorus.*
 I'm marching to that holy city
 Where the heavenly Angels dwell. *chorus.*

Secret Meditation.

While in secret meditation
When I think upon my soul
In my hours of contemplation
Through my mind these thoughts do roll
I am called by the gospel
In my youth to bear my cross.
And I always must be faithful
Till I've labored out of loss.

For my time is swiftly passing
Days and years will soon be o'er
And a treasure that is lasting
I must now lay up in store
For there is no other treasure
That my soul shall ever seek
And I'll take my cross with pleasure
With the humble and the meek.

Dedication

1 Now we with joyful exultation
Have appeared before the Lord.
Let us in songs of adoration
Sound the praises of our God.
And while the just do here assemble,
Worship God with honest hearts.
Let every sinner fear and tremble
Nor assume the scoffers part.

2 We as a concerted people,
Have combined with one accord,
And thus a sacred house erected
For the worship of our God.
And now we dedicate our labors
To the Lord's most holy name;
Now we adore the God of favors,
And his goodness we proclaim.

3 O righteous God we do beseech thee,
 With thy blessing now attend.
 May this our supplication reach thee
 And our praise to thee ascend.
 O guard this mansion with thy goodness
 Sanctify it with thy grace;
 And let thee sons of pride and lewdness
 Know that thou hast blest this place

4 There may thy servants flow together
 And break forth in songs of praise
 To thee O Everlasting Father!
 Just and right are all thy ways.
 There may a living testimony
 Gospel light and truth unfold.
 There may the needy without money
 Purchase peace unto their soul.

5 When shall the lightning-nations hear the
 1 And renounce the paths of strife
 And faithful souls who know and fear the
 Shall obtain eternal life.

When will thy blessings flow like rivers
 Truth shall flourish in the earth;
 Oppressed souls shall be delivered
 And rejoice in the new birth.

6 When the afflicted look to Zion,
 2 And do seek thy blessed face.

Hear thou O Lord their humble crying.
 3 Grant to them thy gospel grace
 For lo! the day has now arrived:

Christ has come with power divine.

Now judgement to the saints is given,
 And the righteous rise and shine.

7 Now in Christ's second visitation

In joint union with the Bride
 Thy power will spread abroad salvation
 And thy sheep from goats divide.
 It will stain the pride of every nation
 Search the heart and try the reins
 Of this depraved generation,
 While one secret sin remains.

But every worthy true receiver
 Of his truth and righteousness,
 Will flee the snares of the deceiver
 And abound in thankfulness.
 Such souls within the holy city
 Will obtain a Paradise;
 Pure robes and crowns of royal beauty
 Pearls and gems of greatest price.

9 O Lord preserve a head in Zion,

Skill'd with wisdom to direct,
 Support it still through every trial
 And thy chosen ones protect.

As Lions oracles of wisdom,
 Clothe them with thy power and skill,
 With thy anointing spirit bless them
 And to them reveal thy will.

Now while we tune our sweetest praises
 And our paving King adore
 May we increase in heavenly graces
 And give thanks forevermore.

O may we walk in due perfection,
 Take our crosses day by day,
 And humbly seek our Gods protection
 In his pure and holy way.

93rd
An Anthem.

O let us renew our strength; let us be alive in
the worship of God; that we may arise in the
glorious Liberty of the gospel. Then we can
praise God in the beauty of holiness, And rejoice
in the dance with them that make merry.

2. For the blessings of Heaven are depending
like sweet reviving showers, to comfort and strengthen
such faithful soul in Zion, that does hunger
and thirst after righteousness.

O come good Angels I make me
spiritual minded, that I can feel
the gifts of God For I do hunger
after righteousness. O fill my soul
O fill my soul with good things.

My 84th Farewell Song.

Farewell dear cups leavers,
The time has now come
For us to be parted
And go to our home
We thank you most kindly
For this interview
And while we are parted
We will pray for you.
But O what a meeting
We view on before
Where parting will never
Be known any more
We give you our hands
And we freely declare
That we will be faithful
And meet you all there.

Good Believer's Character.

And with the new man do arise.

And build on the Chief Corner Stone:

The faults of all others they freely forgive,

But never make peace with their own.

With kindness their beams are naim:

And show them the way to reform

And cheer the disconsolate mind.

The Circumcision.

We are the circumcision who worship God in spirit
Our sins are all forgiven, the substance we inherit
The power unto salvation from God we have received
So gives us consolation and does our souls relieve.

We want no other treasure, while here on earth we stay
We've quit all carnal pleasures and cast them all away
Our union we are gaining to Christ the living head
From sin we have obtained were rising from ^{the dead}

O glorious resurrection redeemed from pride & lust
And every vile affection in which we were accursed
Now thanks to our kind parents who taught ^{us} the living
That we should love each other and stand in open day.

The Pretty Garment. 89th

1st Come all my lovely children,
My little chosen few.

There is a pretty garment,
It is freely given you.

Our Blessed Mother wore it,

She made it bright and clean:

It is the choicest garment

That I have ever seen.

2nd His peace and love and union,

He made divinely fair;

And you my little children

May freely have your share

He gained by self-denial,

Obedience and the cross;

And if you freely wear it,

Thy will save you from your foes.

3. How beautiful and lovely,
 When in this robe your dress!
 Your souls will then be spotless.
 And join the Heavenly guests,
 In purity and union
 How ever will increase,
 And with the blessed Angels
 Find an eternal rest.

I want Mother's love Mother's love and blessing
 For I know there's nothing else that is worth possessing
 More love Mother's love Mother's love and blessing
 This is all this is all that is worth possessing.

Come ^{My} Heavenly, virgins pure and bright
 Adorn'd with robes of shining light
 Come worship God with pure delight
 In songs of love and union.

O let it sound from old and young
 In songs of praise from every tongue
 That we this blessed treasure found
 Of love and sweet communion.

O how I love to sing and dance
 And join the sacred motion
 To see the virgin souls advance
 In thee divine devotion
 I love to serve and praise the Lord
 With cheerfulness and pleasure
 Then let us join with one accord
 And gain a heavenly treasure.

Contentment in the Gospel

1. When ere my busy thoughts do roam
 On things that are abroad,
 I feel contented with my home,
 And thankful to my God.
 This world's a mottley scene at best;
 My sense it can't divert,
 Its troubled waters cannot rest,
 But cast up mire and dirt.

2. The rich can boast but not in truth
 That poor how much distressed!
 But I was called in my youth,
 And with the Gospel blest.
 How many wander in the street
 Quite destitute of food,
 While I have heavenly fruit to eat
 And every thing that's good!

3 ^{My} The rich and proud contentment find
 The dainties of my meal
^{My} They cannot boast such blest fare
 Nor taste the blissful field.
^{My} The Gospel which has made us free,
 Supplies my every need.
 Then let contentment dwell with me
 For I am rich indeed.

4 ^{My} Here I can walk the heavenly road
 With my companions dear;
^{My} Here I enjoy a blest abode
 And all my treasures here.
 Let others walk in devious ways
 Which leads to death and hell;
^{My} Here I resolve to spend my days,
 Where Christ's true followers dwell.

94th
Our Thanks to Mother:

O Mother! we thank thee for the
Gift of the Gospel and for the Gift
of thy Children who have taught us
the way of Life, peace and Salvation.
Yea we thank thee O Mother! for thy
ways are ways of Mpleasurings and
all thy paths are peace.

A happy year I wish to all
Who will obey the present call
And get a double watch within
To purify their souls from sin
The honest hearted will pursue
The way of God forever new
And all who are for Zion bound
I wish them peace the whole year round.

1st Let while we sing and dance and play
 Old Earth and Heavens flee away;
 Our Spirits hail the new born day
 Of endless life and glory;
 Our souls forget their former death;
 Our all to God we do bequeath.
 We're fill'd with new and living breath
 To tell the pleasing story.

2^d In Jesus Christ the first born Son,
 Regeneration work began,
 And so the mighty work is done,
 Which leaves no room for doubting,
 Our Mother broke the cruel chain,
 And bid all evil cease to reign;
 And all her children say amen,
 With dancing and with shouting.

96th
A Sure Foundation.

1 Shout Living children shout for joy
Let music sweet each harp employ
Let all the Saints transported be
In this great day of Jubilee
Strong is the base on which we stand
We march by Heavens pure command
Along the way where comforts roll
Like living waters thro' the soul.

2 Not earth with all her pomp and pride
Shall ever turn our souls aside
But on our journey we will go
For the way of God we know
So let each soul triumphant sing
And make the earth with praises ring
Shout Living children shout again
For this great blessing we've obtained.

97th

These are the blessings of Heaven
Receive O my children with a thankful heart
For a kind and tender Mother is watching over ^{you}
And she has come her Children to view.
You are my Children says Mother
And on you my blessings forevermore shall rest
For I love you and I bless you I never will depart
Nay I am near to every thankful heart.

Where are you going this clear pleasant day
You look like a parcel of Doves
Were going to Heaven in this pretty way
By the bright Angels above.
And where did you get those bright harps in your ^{hands}
Were they gained by labor and toil?
We found them while traveling on Mount Zion's land
And gained them by tilling its soil.

Encouragement to the Youth.

1st May peace and love and union flow
To all the little flock;
Who in obedience strive to go,
And gather on the rock.
O God, give strength to all the youth
And wisdom to direct
Them in the way of Gospel truth,
O Lord their souls protect.

2nd From every thing that may entice
Their souls to look behind
The pearl which is of greatest price
To every humble mind.
O may they realize and know
The good thou hast in store
Laid up for those who freely go.

The way that marked before.

3.^d There is a treasure Mother said
Laid up for every soul
Who will the path of virtue tread:
Their comfort is untold!
She said you'll feel a rich reward,
For all the good you do;
O keep your course on Zionward
And God will help you through.

4.th O live pure virgins unto Christ
Was her most strong request
And keep the truth in righteousness
And surely you'll be blest.
O let us not forget her words
While we remain on earth;
That we with her may be the Lords,

And join in ^{my} Heavenly mirth.

Our time is swiftly rolling on
 Then let us be more zealous
 To do the work that we've begun
 Not my will but thine be done
 And let us all unite as one
 And travel on together
 And bear the cross against all sin
 And try to help each other.

I want to be pure I want to be free
 I want Mothers wherever I be.
 I want to be simple and innocent to
 I want to be little believe me I do.

A Sure Promise.

Come and I will lead you on, and I  
will lead you on by flowing streams  
of holy waters; po com di re na va, po ha

kan le ne vi; For I Am as a bright  
and shining light; And before my holy  
Chosen people I will ever walk, ve vi ve  
vive rum va rum, ve vi ve vive rum  
va rum. For I will lead you to that  
home I have prepared for you, my holy  
holy people I am that God of whom ye  
read; a God that ye have known;  
a God that has known you. I Am,  
the Almighty Jehovah is my name,  
and ye are my lin pe den ve den, and ye

Heavenly Father. Be ye my holy people, and keep my commandments through my anointed agents; and not one spear from Gath's band shall prosper aught against you. For I never never, nay I never will forsake you.

The foregoing anthem was sung by the Almighty, as he was passing through New Lebanon, March 24<sup>th</sup> 1834. Mother Ann said they were the words of God, and wanted they should be learnt and given to Br. Rufus Bishop. Some description of the similitude of God, through which he has been heard to speak and sing, may be found in the three last verses of the first chapter of Ezekiel.

Watchfulness

1<sup>st</sup>

In this world of tribulation  
Where ten thousand dangers stand  
I am call'd to keep my station  
Guard and watch on every hand  
Day and night I am surrounded  
Foes within and foes without  
If my peace should not be wounded  
I must always look about.

2<sup>nd</sup>

If I linger, sleep or slumber  
Darkness will pervade mine eyes  
While the faithful watchful number  
Are advancing to the prize  
O how swift my time is flying  
Daily it is on the wing  
Let me then with Christ be dying

And complete redemption sing.

- 3 When my warfare is completed  
 When my mortal race is run  
 With the Saints may I be seated  
 Take the laurels I have won  
 With my precious friends uniting  
 Who have suffered here with me  
 In that region be delighted  
 Through a sweet eternity.
- 

Rejoice rejoice says our <sup>Our</sup> Blessed Mother  
 Holy Angels round you throng  
 Bringing love from the Holy Selen  
 Shout ye the trump of Victory  
 And march on march on  
 Till you reach the promised land.

Farewell vain World.

1 Farewell! farewell! <sup>(mell.)</sup> vain world fare

I find no rest in thee

Thy greatest pleasures form a hell  
As dark and sad for me.

Alas! alas! I have too long  
Regard thy sinful crowd;  
I listened to your Syren songs  
While mercy call'd aloud.

2 Farewell vain world! I say once more  
I'm bound for canaan's land.

I see a happy world before  
Prepared at Gods right hand.

On life's tempestuous sea I sail  
While countless billows roll;

But Christ my pilot will not fail

With him I trust my soul.

3 He can command the roaring tide  
 And silence all my foes:  
 With courage safely I can ride  
 Through every wind that blows;  
 When as I daily homeward steer  
 Toward the land of peace,  
 This world does less and less appear  
 And all its charms decrease.

4 The shining millions paid before  
 Who gained the port above  
 Found nothing in old Babel's store  
 That they could prize or love.  
 That everlasting glory bright  
 Will triumph all below,  
 Like as the sun meridian light

Perbide the stars to glow.

By streams where living waters flow  
 Where lillies bloom and roses grow  
 This little band with joy regale  
 With heavenly fruit grow in the vale  
 No raging storm no darkning cloud  
 Can reach this vale no high nor proud  
 For to the pure rejoicing land  
 The Lord will give his holy land.

The joyful feast is now begun  
 The Marriage supper of the Lamb  
 The wedding guests are gathering in chorus  
 Behold the table now is spread  
 With choicest wine and living bread  
 Christ and Mother at the head. chorus

# Chithem.

O the blessings of Heaven which  
are for those who keep within the  
strait gate and walk the narrow  
way which leads to life: Where the  
windows of Heaven are opened and  
thousands of Saints are united and  
sing triumphant songs before our Saviour.

I surely love this pretty way  
In which we all can skip and play  
O may I be so meek and mild  
That I may be my Mothers Child. *Chorus*  
~~~~~

Holy holy Angels depending from above, blessed
spirits assemble with us, Low low lowly I will be
low low from bondage I'll be free.
.....

Obedient to our Lord's command.
 We now together meet
 With humble hearts and cleansed hands
 To wash each others feet
 Lord wilt thou purify each heart
 And may we henceforth prove
 That we are wash'd and have a part
 In thy redeeming love.

O the army up above
 Shining with Angelic love
 Shouting as they move along
 With a full salvation
 Soon our souls will join that band
 And with adoration
 Sing a song which has no end
 With our just relations.

What I Love.

1 I love the blessed gospel of salvation
I love good faithful souls
Who are bearing the cross to gain the
To gain the crown.

2 I love to dance I love to sing
I love to taste the living spring
I love to feel my union flow
To Mothers Children here below.

3 I love to play I love to turn
I love to have old nature burn
I love to feel I love to know
That I've a spirit meek and low.

4 I love to shake I love to leap
A crucifying spirit keep.

I love to have it my employ
 To shout and shout aloud for joy.

Behold the righteous marching on
 To the celestial City
 The harps of God are in their hands
 They're crowned with love and beauty
 Christ's love and power their souls do feel
 They're innocent and pretty
 O see this little happy land
 Arrayed in shining beauty.

To the Mount of Olives we are going
 With our voices sounding shrill
 And our hearts unite in praises
 While we mount this holy hill.

Come good Angels gather round me
 With thy blessing do attend me
 Till my soul with love and union
 Till my mouth with songs of praise
 Make me happy pure and humble
 Make me low & make me good
 May I feel in health and sickness
 Life and death my all in Heavens.

The hill of redemption we'll climb
 And breathe in the Heavens sublime
 And wisely improve all our time
 In pering and praising the Lord
 Come step to the music so bold
 Ye innocent lambs of the fold
 The treasures of Heavens untold
 Shall be our eternal reward.

There flows the spirit all divine
 Reclaiming peace and rest
 The bread of life the precious wine
 Right from the cluster pressed
 This is the wine that Jesus drank
 In his Father's kingdom new
 This is the Bread that Jesus broke
 For his beloved few.

O Zion that spotless city
 Blooms forth eternal beauty
 See her walls all glorious pretty
 Diadem of all the earth
 Lozings bright Sons and Daughters
 Dwelling in her heartiest borders
 Love must feel like boundless waters
 Well convey in songs of mirth.
